Palmtop Options Guide

Upgrades, New and Like-New HP Palmtops & Accessories

Upgrade your 200LX to 8 Meg DoubleSpeed! Only \$299! Now available worldwide!

That's right! No matter where you live, you can now upgrade your HP 200LX to 8 Meg and DoubleSpeed!

Just send us your 200LX and we'll do the rest.

We specialize in fast turnarounds, and your upgraded palmtop comes back to you with a free 90-Day Warranty that you can upgrade to one or two years.

Still not sure? Here's what some satisfied customers have to say:

"It works great!" —Steve Carder

"Wow, is that thing fast, and all that memory! I highly recommend the Thaddeus Palmtops for anyone thinking of upgrading." —Robert J. Vondra

"The 8 Meg, DoubleSpeed 200LXs are great!" —Craig de Fasselle

NOTE: Refurbished, Like-New DoubleSpeed 8 Meg 200LXs (Item #2008) are available for \$575 with a Free (extendable, see next page) 90-Day Warranty. However, supplies are limited and you may experience a 8-12 week waiting period. Shipping \$9.50 U.S.; \$35 Non-U.S.

ALTERNATE UPGRADE CONTACTS IN EUROPE AND ASIA

Europe: E-Mail Rundel Datentechnik at info@rundel-d.com

Asia: E-mail Times2 AsiaPac at times2@asianconnect.com

UPGRADE OPTIONS

DoubleSpeed 8 Meg (200LX only) Price \$299 (Item #UP8)

DoubleSpeed Only (100/200LX) Price \$75 (Item #UPCD)

IMPORTANT!

ALL CUSTOMERS: Upgrading removes all data, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Upgrading voids HP warranty. Please include daytime contact info in case we have questions.

IN THE U.S.: Shipping: \$9.50. In a hurry? One day turnaround service is available for \$55 shipping (instead of \$9.50 5-Day turnaround).

OUTSIDE U.S.: Shipping: \$35. We cannot guarantee delivery time outside U.S. Write **"Used Equipment for Repair"** on your shipping container.

NEW! 1998 CD InfoBase!

Special pricing if you buy now!

The HP Palmtop Paper's CD INFOBASE is now 2 CDs!

One CD contains the hypertext program which allows you to surf-and-search through every Palmtop Paper; the 200LX User's Guide (for 100 and 200LX users); MicroREF DOS and Lotus 1-2-3 Quick Reference manuals; 100/200/700LX SDKs; and the contents of every Palmtop Paper ON DISK, including over 1000 freeware/shareware programs. *A palmtop user's dream come true!*

The second CD is a world-class library containing around 500 megabytes of classic literature, historical documents, scientific treatises and more, all unzipped and ready to read on your palmtop. This Bonus CD also contains Vertical Reader, which allows you to hold your palmtop like a book when you read!

The new 1998 CD INFOBASE is the most powerful tool for your HP Palmtop because it contains thousands of others. If you already have the '96 or '97 CD, here's your chance to get everything from 1997 for what the '97 ON DISK Back Issues alone would cost! If you've never owned a CD INFOBASE, we urge you to take advantage of this no-risk offer today and see for yourself.

SHIPPING: \$5.00 U.S.; \$12.00 Non-U.S.

New! HP Palmtop Repair Service!

Don't trash it... repair it! Available worldwide!

All repairs... only \$125 (Item #PTRS)

Like Hewlett-Packard's repair service, Thaddeus Computing uses used parts to repair palmtops. Unlike HP, Thaddeus has a flat rate of \$125. HP charges \$220. Save \$95!

Although we are not able to guarantee expedited service on repairs, we do generally ship units back out within five days of receiving them.

So, whatever the problem, just send the palmtop in with a description of the problem and payment and we'll take care of it.

Free 90-Day Warranty

HP warranty voided by repair.

1 and 2 Year Warranty Upgrades

Extend from 90 Days to One Year (Item #1YRW)..... \$25

Extend from 90 Days to Two Years (Item #2YRW)..... \$75

Outside the U.S.

Clearly label your shipping container

"Used Equipment for Repair"

NOTE: Thaddeus Computing reserves the right to return any equipment unrepaired along with full payment.

Thaddeus Palmtops!

30-DAY Money-Back Guarantee!

Order with complete confidence! You may return any product within 30 days for a complete refund of the purchase price!

We Buy Used Palmtops!

Have a palmtop you no longer use? Maybe there's one sitting forgotten in the back of a drawer or in that pile of miscellaneous computer equipment. Well, unlike most old computer stuff, your HP Palmtop still has a **cash value...** without the hassle and fuss of selling it on the street!

PLUS! Receive a FREE one-year subscription to HANDHELD PC MAGAZINE! (\$35 value!)

Thaddeus Computing (that's us) can always use palmtops for various projects, including overhauling and refurbishing for resale.

No, the prices below are not the best. Due to the expense of re-marketing palmtops and the parts and labor necessary to return them to "like-new" condi-

tion, we are unable to offer more. If you can get more through other avenues, and the time and effort seem worthwhile, then we encourage you to do so.

But if you're looking for a fast and easy way to sell a palmtop, then this is the answer.

Just put whatever you have in a box and send it to the address below. It's that easy!

Send it to us and within two weeks, we'll send you a check.

No hassle, no fuss.

Here's what we'll pay for your HP Palmtop and accessories

Palmtop in good working order and appearance*:

HP 95LX (with manuals):	\$55
HP 100LX (with manuals):	\$75
HP 200LX (with manuals):	\$100

We'll adjust the price if equipment works but has significant damage.

Broken or damaged Palmtops*:

HP 95LX (with manuals):	\$25
HP 100LX (with manuals):	\$35
HP 200LX (with manuals):	\$35

**Without manuals: HP 95LX deduct \$5, 100/200LX deduct \$10*

Accessories:

HP Connectivity Pack with cable and manual:

HP 100/200LX; \$15, HP 95LX; \$5

Uncompressed Flash and SRAM cards:

\$5.00 per megabyte (e.g. 40 Megs=\$200)

Modem cards, cables, software, chargers, other items:

We'll look things over, but we may not be able to pay much. We'll adjust the price as appropriate if accessories come without manuals, or if other items are missing.

We may not be able to make this offer again, so act now!

Send equipment to:

Used Equipment
Thaddeus Computing

BRAND NEW! 8 Meg DoubleSpeed HP 200LX!

Why not own the Best of the Best?

No-Risk 30-Day
Money-Back Guarantee!

- A Brand New HP 200LX
- Upgraded to DoubleSpeed
 - Upgraded to 8 MegaBytes
 - In-the-Box with Manuals
 - Full One-Year Warranty
- ONLY \$795.00! (Item #200N)

Maximum Speed! Maximum Memory! Maximum Palmtop!

"I received my new HP a few days ago and all is well with the world. I can't get over how great the DoubleSpeed is. Thank you and everyone at Thaddeus for putting together this excellent product."

—Larry Castor

Item #: 200N **Shipping:** U.S. \$9.50; Non-U.S. \$35.00

Warranty Extension: The brand new DoubleSpeed 8 Meg 200LX comes with a free one year warranty from Thaddeus Computing. You may extend this warranty to two years for an additional \$50.00 (Item #1X2W).

There are several advantages that make spending a little extra for a **Brand New HP 200LX** worthwhile.

1... There's no wait. Our "Like-New" DoubleSpeed 8 MegaByte 200LXs are selling faster than we can get units in, so a 8-12 week wait is possible.

2... They're fresh out of the box. Our "Like-New" 200LXs are in good shape, but they're not new. It makes a difference.

3... Not only do they have maximum memory and maximum speed, they also come with a free a one-year warranty. Plus, they come with new manuals, nameplate and packaging.

4... You have a 30 Day Money-Back Guarantee to protect you.

You can't go wrong!

10

Serious Reasons to Consider 8 Megabytes and Double Clockspeed

Sure, double clockspeed and 8 megabytes of RAM sounds good, but do you really need it? And if so, what for? Well, here are 10 pretty good reasons to consider:

1. Free up PC Slot: Dedicate your PC slot to a Fax/Modem card or a wireless card (like EXP's 14.4 ThinFax Card or Thaddeus Computing's 14.4 Megahertz Fax/Modem). No switching and reconfiguring every time you want to retask the slot.

2. Speed! Speed upgrade means Phone, Appointment Book and Database access/loading and 1-2-3 calculations are twice as fast.

3. Transfer Data with Ease: Extra built-in space means you can easily transfer files between your palmtop and other palmtops and desktop.

4. Software Carousel Users: 8 Meg 200LXs include an easy-setup extended memory driver allowing as little as one-second **fast-task switching** between DOS and System Manager sessions... much faster than from a Flash card.

5. Competitive Cost per Meg: Prices for PC card memory range from two and a half times as much as our price to somewhat less (and, of course, tie up a PC slot).

6. Backup Backup Backup! Redundancy is the rule. Having all your files in RAM makes backing up to a PC card a breeze (so that maybe you'll do it as often as you should!).

7. Parallel Porting! With a freed-up slot you can use Trans Digital or QuaTech parallel port cards to support ZIP drives, CD ROMs, floppy drives and other parallel port devices.

8. Large Phone, Database or 1-2-3 Files? More room with faster access means less frustration and wasted time.

9. Faster DOS! Speed up and make room for such DOS programs as Word Perfect, Software Carousel, Agenda and others; as well as the freeware products from Japan such as MaxDOS by using the supplied easy-to-install extended memory driver.

10. You can never have too much memory! It's a fact of e-life; DOS software, database files, games, Gutenberg electronic books, etc, etc, all take up space. The answer? More space!
