## ***Double Yo***

### **Top 10 Reasons to Upgrade Now!**

1. **Free-up PC card slot for email** and Web access anywhere. See low-powered PC card modem on p.15, WWW/LX Plus! on p.11.
2. **Be more productive.** Add 20 applications, see Super Software Carousel on p. 4-5.
3. Have **more information available** all the time.
4. Access Phone, Database, ToDo data and 1-2-3 **computation twice as fast.**
5. Have more fun — **challenge your mind.** Add 20 games, see Super Software Carousel on p. 4-5.
6. **Run vertical software** for work or play on your palmtop. See Software Carousel on p. 6.
7. Have English **dictionary and language translation software** a key-stroke away. See dictionary and translation software on p. 10-11.
8. Take advantage of hardware breakthroughs. See **power accessories** on p. 13.
9. Expand capability of **indispensable Palmtop** you know so well, rather than invest time and money on less developed Windows CE platform.
10. **Free up PC card slot for more storage**, for backup or for printing. See PC Cards p. 14-15.

### ***Maximum Speed! Maximum***

## **3 Great Options!**

# 1

### **BRAND NEW**

*"Wow, is that thing fast!*

*And all that memory! I*

*highly recommend the*

*Thaddeus Palmtops for any-  
one thinking of upgrading."*

—Robert J. Vondra

#### WARRANTY

Upgrading speed and/or memory voids HP's warranty. Thaddeus Computing provides a free **90-Day** Warranty on all Used and Upgraded Palmtops, and a Free **One-Year** Warranty on New Palmtops. You have the option of extending these Warranties as follows:

90-Day Warranty extended to One-Year	<b>\$25.00</b>	#1YRW
90-Day Warranty extended to Two-Years	<b>\$75.00</b>	#2YRW
One-Year Warranty extended to Two-Years	<b>\$50.00</b>	#1X2W

#### SHIPPING

**In the U.S.:** All palmtops: \$9.50 each. **Upgrade in a hurry?** One day U.S. turnaround service is available for Upgrades: \$55 shipping (#H1DT) (instead of \$9.50 5-Day turnaround).

**Outside U.S.:** All palmtops: \$35 each. We cannot guarantee delivery time outside U.S. (normally one to two weeks).

#### IMPORTANT! UPGRADE CUSTOMERS:

Upgrading removes all data, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Please include daytime contact info in case we have questions.

Non-U.S. customers: write "Used Equipment For Repair" on your shipping container.

# BREAKTHROU

# SUPER Software Carousel

*Windows-like task-switching  
between 40 of the all-time  
BEST apps!*

**All pre-configured at  
an amazingly low price!**

**Just like Built-In Apps!**

**Applications: Ready to go immediately!**

**Games: Years of challenging fun!**

**What makes Super Software Carousel SUPER?**

*We started with Software Carousel, and then we put on the best software we've found in the last seven years.*

Check out the Software Carousel ad on page 6. Notice the part about Twelve Palmtops in One? Well, with SUPER SOFTWARE CAROUSEL, we're giving you two of them in one installation! Forty new programs, just like built-ins.

**The first** is a dedicated Power Apps & Utilities palmtop.

**The second** is a dedicated Games palmtop.

Already configured—ready to go—just install it from the CD or have us do it (you'll still get the CD).

Think of it as having several different palmtops in one. (See screens above.)

Of course, you can add and delete programs as memory allows. (The HP Palmtop Paper's CD INFOBASE has around one thousand for you to choose from!)

## Easy-to-Use Programs

It begins with Software Carousel.

But we've done all the work and provided the BEST available freeware and shareware in one preconfigured package! All easy-to-use programs that will tremendously expand your palmtopping power.

**Suddenly** your palmtop is loaded with all the best freely available software!

**Suddenly** you have so many new Games, Programs and Utilities that it will take you months just to explore it all!

**Suddenly** you can do all the things you always wished you could, from spellchecking to hypertext viewing to playing chess. And far more!

## Plug 'n Play: Built In-Like Applications

No downloading. No configuration. No frustrating trial and error. You could spend months of tedious research and experimentation doing what Super Software Carousel lets you do immediately. The ability to mount this versatile array of business and pleasure enhancing products to your palmtop is more than just another interesting option...

## It's the Whole Point!

This is what seven years of HP palmtop development and innovation has been moving toward. This is the full realization of the palmtop's potential.

And it's just the beginning! You can easily add all the programs to Software Carousel that your palmtop's memory will bear. (You can easily delete programs too, if you like.)

It's a quantum leap in HP Palmtop computing. And it adds whole new dimensions to having a PC in your Pocket!

## Installation: Fast and Painless!

Super Software Carousel comes on CD. If you are upgrading or buying a new or used palmtop, we can install SSC before we ship.

Or, you can easily install Super Software Carousel yourself. Simply transfer mirror subdirectory from the CD to your palmtop, make a few minor file edits, and you're ready to go!

If you'd like, you may send your palmtop in to Thaddeus to have SSC installed free (normal shipping applies.)

Everyone who orders Super Software Carousel will receive the CD and complete documentation.

## System Requirements

Includes the complete version of Software Carousel, plus all additional software. Runs on HP 100LX, 200LX, or 1000CX on flash disk or in system RAM (C drive). Full package requires between 5 and 6 meg: a little over 2 meg for applications, 2 meg for games, and 1 meg for Software Carousel sessions. Even more applications than listed are included on CD.

# GH PRODUCT!

## Easy To Learn, Easy To Use!

Like fast task-switching? Like the Built-In Apps?

# How About 40 More!

**SUPER  
SOFTWARE  
CAROUSEL**  
on Flash Card  
see page 14

Pre-configured with the very best freeware and shareware Games, Utilities and Applications available for your Palmtop! **Easy To Learn, Easy To Use!**

### Applications

#### HV (Hypertext Viewer)

HTML browser to view Web down-loads.

#### PE (PalEdit)

A MEMO-like editor with many enhancements including spellchecker.

#### VR (Vertical Reader)

Lets you read doc files and electronic books, vertically on the palmtop.

#### DBV (DataBase Viewer)

Fast phone, appt and database file viewer.

#### View

Lets you view files from a variety of word processing formats.

#### Tune

Metronome and musical tuner.

#### ZIP

Fast PC to palmtop serial transfer program.

#### Draw

Palmtop drawing/paint program.

#### PC Outline

Enter thoughts, plans, ideas, and organize them into a hierarchical structure.

#### Stereo Shell

DOS File Manager.

#### garlic

Fixes corrupt database files.

#### PKZIP

File archiver/compressor.

#### LHA

File archiver/compressor.

#### LXPIC

Lets you view GIF, JPG, BMP, PLX graphics files.

#### Andrew3

More readable palmtop font.

#### CloseFlr

Close Filter to save memory.

#### Buddy

Zillion utilities in one.

#### fastdb

Speeds up database programs (e.g. Phone).

#### MoreEXM

Breaks system limitation of 7 EXM files. Enable software like ZOOM.

#### Typing Tutor

Type faster on the palmtop.

#### Zoom

Wonderful Magnify-like program that enlarges and makes more readable any section of the screen in built-in apps.

#### Subst

DOS 5 utility superior to ASSIGN.

#### Vclock

Whole screen clock and timer.

Bonus applications and utilities included on CD ready for easy installation.

### Games

#### Dominoes

#### FreeCell

#### Yahtzee

#### 42 LX

#### Cribbage

#### Tiles (Mah

#### Jhng)

#### Klondike

#### Golf

#### Blackjack

#### Bridge

#### Hearts

#### Backgammon

#### Checkers

#### Tetris

#### MasterMind

#### Mine Sweep

#### Reversi (Othello)

#### Sokabin

#### Boggle

#### Chess

#### Go

#### 777

#### Go-Moku

#### Solitaire

#### (many kinds)

#### Therapist

#### Play Music

#### 3-D Tic Tac Toe

#### Worm

### How to Order

Super Software Carousel comes on a CD with complete, easy-to-follow installation instructions and a concise electronic User's Guide. If you have Thaddeus Computing install it while your palmtop is with us (free installation) you'll still receive the CD. (You can even send your palmtop just for the free Super Software Carousel installation.)

If you are upgrading from a previous version of Software Carousel, see **How Do I Upgrade?** on page 8 to save \$60.

Super Software Carousel (New) \$139.95 # SSCN  
Super Software Carousel (Upgrade) \$79.95 # SSCU

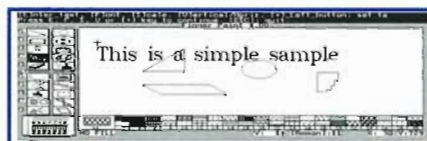

Here's a brief preview of what **SUPER Software Carousel** does for your palmtop!

### Apps

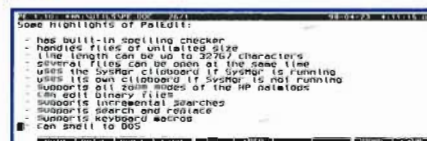

Use HV and LXPIC to surf the web and view graphics.

Paint, flowcharts and maps with Draw.

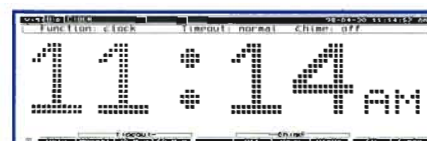

LXPIC can view PCX, BMP, JPG, GIF files on your palmtop.

Advanced editing with PalEdit with spell checker.

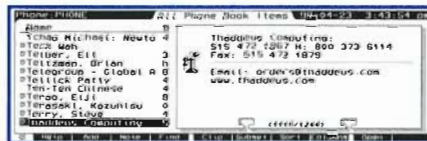

Read literature or documentation on palmtop sideways.

Visible Clock: Full screen clock, timer, stopwatch.

### Zoom Anywhere

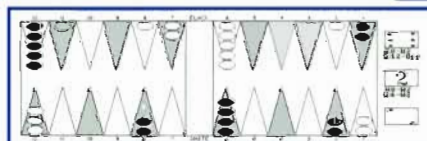

Zoom blows up any phone book, appointment book, or database item. Above is a before and after view.

*Your palmtop can be up to...*

# 12 Palmtops in 1!

*...with Windows-like flexibility!*

## Not just for the “technological elite”!

**OK.** It's true. Software Carousel has long appealed to the technologically elite. This elite understood the usefulness of switching between built-in applications and DOS sessions with a hot key and were willing to endure a techy manual that required experimentation.

Now Software Carousel is for the rest of us. *HP Palmtop Paper* editor, Ed Keefe, completely rewrote the user manual. His “Getting Started Tutorial” is all you need to be fully functional in less than an hour. Even better, choose Super Software Carousel and in five minutes you'll be using any of its 40 plus applications, and adding new applications.

### Have up to 12 Palmtops in One!

An easy-to-use control panel allows you to customize up to 12 DOS and/or System Manager sessions to your exact needs.

Switch between DOS and Built-In programs as easily as you open NoteTaker!

Don't know what to do with all this new palmtop potential? Check out **SUPER Software Carousel** on pages 4-5 to see how Thaddeus Computing can save you many hours of loading and configuring, and provide you countless hours of happy and productive palmtopping!

## SOFTWARE CAROUSEL

### Great with 8/32/64MB DoubleSpeeds or Flash Card!

Talk about a Next Generation 200LX!

Combine Software Carousel (and especially **SUPER Software Carousel!**) with the speed and memory of an Upgraded Palmtop, and you're talking about unleashing the full potential of your palmtop!

Works with Flash card memory too! (Not quite as fast.)

So if you already have an Upgraded Palmtop, or you're thinking about it, Software Carousel is the ideal way to make the most of it!

And, of course, we offer a 30-Day Money-Back Guarantee so you can find out for yourself!

### New Version: **BUY or UPGRADE**

Thaddeus Computing Software Carousel 7.0 fixes bugs from previous versions (6.8-6.92).

**PLUS!** An all new, greatly improved User's Guide makes learning and configuring much easier! Millions of people have purchased Software Carousel; and the Palmtop Edition, new or upgrade, is just too palmtop-enriching to pass up. But don't order until you've looked at **SUPER Software Carousel!**

### How To Buy

Simple. If you only want Software Carousel (as opposed to SUPER Software Carousel), we'll send it on a 3.5 Disk with an easy-to-use electronic User's Guide that will walk you through the installation and configuration process. You'll need at least 1MB of flash or C driver space on 100LX, 200LX or 1000CX.

Software Carousel NEW	\$79.95	#SCN
Software Carousel UPGRADE*	\$19.95	#SCU

### \*How To Upgrade

To take advantage of the Software Carousel Upgrade offer, you must supply Proof of Purchase of your current version. The easiest way to do this is to email us your serial number, or send us a photocopy of your Software Carousel Manual or your disk. We can also accept any other Proof of Purchase such as a receipt or confirmation from the company where you originally purchased. Fax, mail or email proof with your order.

## PC In Your Pocket

**HP Palmtop book:**  
Ideal for users,  
great gift for  
interested friends

The editors of *The HP Palmtop Paper* have organized some of their best material into a readable, practical book about the HP Palmtop. The book is filled with hundreds of real-life examples of the HP Palmtop's features and capabilities. Busy professionals describe how they use the HP Palmtop to organize their time, information, and money to be more effective. Order directly from us and we'll include a disk containing most of the software mentioned in the book. Written both for users and for those considering purchasing an HP Palmtop.

# Isn't It Time For A Second Machine?

**Call For  
Volume  
Discounts!**

**Great gift or inexpensive buy for friend, co-worker, family member!**

## 1000CX

**A "Pure" DOS Machine in  
your Pocket!**

➤ **...for as little as \$159!** ➤

The 1000CX is like a 200LX without the built-in applications. All our 1000CXs come with a **supplemental disk** with some of the best palmtop DOS free-ware and shareware in Zipped format. Included are a PIM, a word processor and spell checker, HTML viewer, DOS menu program, games and more.

### 7 Reasons to purchase a 1000CX

*(We bet you can come up with more!)*

1. You or your company have a **vertical DOS application** or data that must be available wherever you are.
2. You want a **stand-alone portable email machine** — maybe you don't like swapping PC cards. (Read about WWW/LX Plus! And low-powered modems on pages 11 and 15).
3. As a dedicated Flexpad user (DOS software that replaces built-in applications), you prefer a **straight DOS machine** (Flexpad is included on the free 1000CX supplemental disk).
4. You can order a 1000CX in a **memory-size configuration** (1 MB-64 MB) that will fit your needs.
5. You've always wanted to **take apart a palmtop** to see how it works.
6. You like new **toys**.
7. You want a **dedicated Super Software Carousel machine** (see p. 4-5) that you can run from a PC card (see page 14) or internally from a 8, 32, 64 MB palmtop.

## USED Palmtops

### Used means Like New!

We buy a lot of palmtops. We resell the best. We maintain very high standards for palmtops we resell. Those that don't make the grade are used for parts. As of this printing, **no Thaddeus Computing customer has ever exercised their 30-Day Return Option on a used palmtop!** HP engineering combined with Thaddeus Computing's quality control processes ensures that your Used palmtop will meet or exceed your expectations!

# Electronic Dictionary & Thesaurus *plus*

**190,000 Definitions & 270,000 Word Thesaurus**

It's great having the official Collins English Dictionary (third edition updated) and Collins Thesaurus at your fingertips. The minimal typing feature scrolls through the wordlist as you type each letter. Because it's electronic you can find words in ways not possible with books. Besides being incredibly useful, an electronic dictionary is a fun way to learn about word origins and increase your vocabulary.

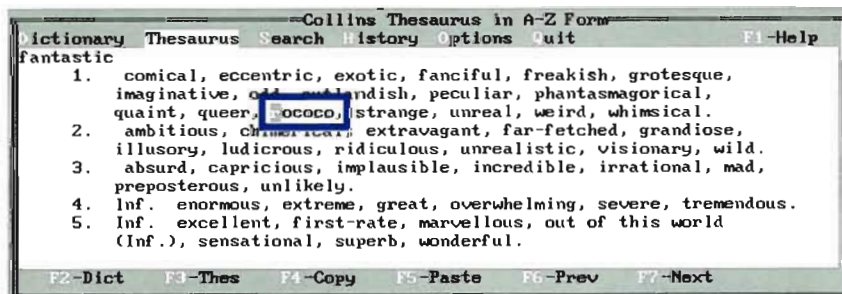

*"I love them. Nothing like being able to get a definition or confirm the spelling no matter where I am."* —S. Todd 70312.462@compuserve.com

## Dictionary

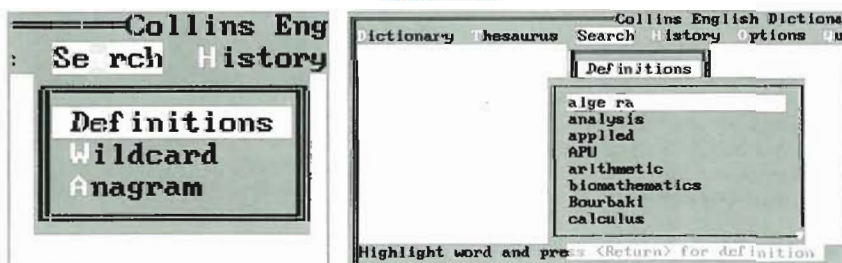

190,000 definitions with 16,000 encyclopedic entries. You'll find pronunciation, etymology, hyphenation points, antonyms, examples of words in use, in-depth information on how to use words appropriately. Dictionary entries include cities in Japan, rivers in Germany, business words, government terms, names, places, dates.

## Thesaurus

270,000 synonym Thesaurus grouped by parts of speech, or meaning, and directly linked to dictionary. You can look up words which appear within the dictionary or thesaurus definition. In this example, we look up "rococo" by moving the cursor and pressing F2 for dictionary definition or F3 for the thesaurus entry.

## Search

**DEFINITIONS** let us search the dictionary for all occurrences of a word in the dictionary, in this case "mathematics". Although a bit slow on the palmtop, you can also do boolean searches such as (french AND composer).

**WILDCARD** lets you search for the word. For example: l??a (you remember the "l" and "a" is four letter word for Italian currency), \*ntr\* (all words containing "ntr").

Scrabble players and word puzzlers will appreciate the **ANAGRAM** feature.

In addition, a history of words looked up in a session is easily accessible for backtracking.

*"I'm a translator. I strongly recommend these Harper Collins products to anyone in the market for good Palmtop dictionaries."*

—Tony D. Guzewicz, 74722.421@compuserve.com

Do you work with words?

# 2 Great

Effective communication, the proper use of words, means success. Now thanks to more Palmtop memory and cheaper flash cards, you can have the advantages of an electronic dictionary, thesaurus, and translation tools always accessible.

Thaddeus Computing has purchased the remaining limited inventory of the DOS, CDROM versions of the Collins English Dictionary & Thesaurus v1.5 plus a number of Collins Series 100 Multilingual Dictionary. Due to licensing issues, it is unlikely we will be able to obtain more, so you will want to act now!

## How to Order

Both the dictionary/thesaurus and the translation dictionaries can be easily installed and run as stand-alone DOS programs on a flash card or on the internal drive of a 32 or 64 meg palmtop. When used with Software Carousel or Super Software Carousel, these word tools are only a keystroke away.

**Collins English Dictionary & Thesaurus**  
\$59.95 #DTCD (Comes on CD. Requires 10 MB.)

**Collins Series 100 Multilingual Dictionary**  
\$59.95 #MDCD (Comes on CD. Requires 6 MB.)

# Multilingual Dictionary

German  
French  
Spanish  
Italian

**Quick & accurate translations  
... anytime!**

English to and from Spanish, French, German or Italian: Install any or all of the eight dictionaries onto your palmtop. One dictionary takes about 800K; all eight take less than 6 megabytes. Each dictionary pair contains over 75,000 references and 110,000 translations.

You need both of these...

# Products!

## QUICK/ACCURATE TRANSLATIONS!

Near matching: Looks up the closest spelling of the word

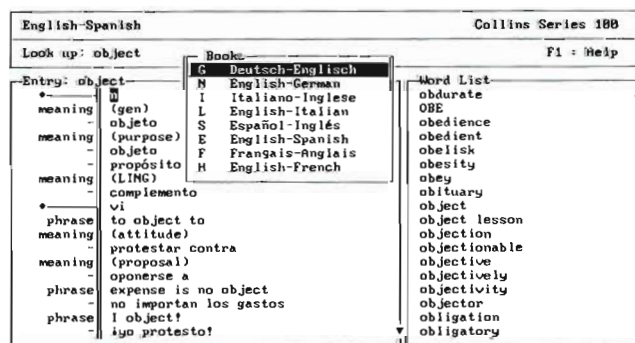

Meanings: Signposted for accurate translation

Minimal typing: Scrolls through the wordlist as you type each letter

Wildcard search: Using \* and ? finds words when you don't know the spelling

Easy switching: Between all dictionaries

History: Displays recent lookups

Word List feature means little typing. Type a few letters and select. Meaning chart and phrases let you choose correct word. Switch between dictionaries at any time.

"I have been using them on my HP for about two years. It is absolutely great to have them handy everywhere, and I have found nothing remotely as good."

—Jeffrey F. Friedman, 70544.3152@compuserve.com

"Absolutely awesome. I use the Spanish to English and English to Spanish constantly. Highest recommendation."

—Patrick Campbell 75557.726@compuserve.com

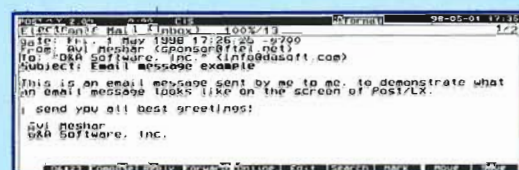

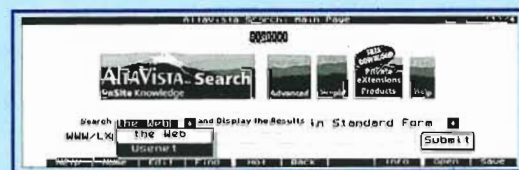

"I used a couple of translation products on my 200LX. S100 I still like best. You can install it on the desktop as a Windows product and you can install it as a DOS version. It is easy to use. I run one Software Carousel session with S100, so it is always available. You should try it, it is worthwhile."

—Helmuth Guenther 100143.2451@compuserve.com

# WWW/LX PLUS! Email/Web Browser

New Version!

**Total Internet Solution in your Pocket! Created for Palmtops!**

Send, receive and manage email.

## Powerful Email Package:

WWW/LX PLUS! is a palmtop email package:

- Send and Receive messages
- Manage all messages on screen
- Have multiple email addresses
- Have multiple ISPs
- Read and post to Newsgroups
- Sophisticated message filtering
- Extensive context-sensitive help

## Graphical Web Browser:

WWW/LX PLUS! allows web surfing, complete with graphics! (See the Alta Vista screen shot above). Surf the Internet and intranets. Download software directly into your palmtop.

## Make the connection with ease!

A "TCP/IP Engine" manages all the aspects of connection to the Internet and your ISP (Internet Service Provider).

"Absolutely recommended!" —Steffen Demuth

"I am amazed at how functional WWW/LX is! I can actually get onto the Internet and extract data I need. Wonderful, useful, functional program. Amazing!" —Ed Morgan

"What an absolutely superb program! Thanks for a really great piece of work. I really think all palmtop users should go for this product. I really like how it runs from the Sys Mgr." —Wade

Requires 450K storage space on 100LX, 200LX, or EXP Modem.

WWW/LX PLUS! Internet Software \$89.00 #WWWL

To upgrade your existing version of WWW/LX, please visit: [www.dasoft.com](http://www.dasoft.com)

# HP Palmtop REPAIR SERVICE!

Don't  
trash it...  
**REPAIR  
IT!**

Available  
worldwide!

## All repairs only \$125 #PTRS

Like Hewlett-Packard's repair service, Thaddeus Computing uses used parts to repair palmtops. Unlike HP, Thaddeus has a flat rate of \$125. HP charges \$220. Save \$95!

Normally, we ship units back within five days of receiving them. So, whatever the problem, just send the palmtop in with a description of the problem and payment and we'll take care of it.

### NOTE:

Thaddeus Computing reserves the right to return any equipment unrepaid along with full payment.

*Use a trackable shipping method and provide daytime contact info!*

*Be sure to give us a description of the problem!*

## Free 90-Day Warranty

HP warranty voided by repair.

## 1 or 2 Year Warranty Extensions

Extend from 90 Days to One Year

\$25 #1YRW

Extend from 90 Days to Two Years

\$75 #2YRW

## Shipping:

U.S. \$9.50 each. Non-U.S. \$35.00 each.

## Outside the U.S.

Clearly label your shipping container

"Used Equipment for Repair"

## Do you have a Palmtop you no longer use?

**5 or more...  
Call or Email  
Today!**

## We'll buy it. Even if it's broken!

Palmtop in good working order and good shape:\*

- HP 95LX or HP 1000CX (with manuals): \$35 • HP 100LX (with manuals): \$55
- HP 200LX (with manuals): \$75

### Broken Palmtop:\*

- Broken 95LX (with manuals): \$10 • Broken 100LX or 1000CX (with manuals): \$20
- Broken 200LX (with manuals): \$25

\* Without manuals: HP 95LX, HP 1000CX subtract \$5; HP 100LX or 200LX subtract \$10. We'll adjust the price if equipment works but has some significant damage.

### Accessories:

HP Connectivity Pack w/cable disk and manual: HP 100/200LX: \$15; HP 95LX: \$5. Uncompressed Flash and SRAM cards: \$2.50 per megabyte (e.g., 40 Meg=\$100)

Modem cards, cables, software, chargers, other items: We'll look things over, but we may not be able to offer much. We'll adjust price as appropriate if accessories come without manuals, or if other items are missing.

Send equipment to: Used Equipment, Thaddeus Computing, 110 N. Court, Fairfield, IA 52556. USA. Include a note with your mailing address, phone and fax number. If you need to talk with us, you may call, 515-472-6330. You will receive reimbursement within three weeks after we receive the equipment.

When you send in your palmtop, if you mention you saw this box you'll receive a free \$35 one-year subscription (or renewal) to Handheld PC Magazine. Offer good through September 30, 1998.

See also Trans Digital Card, P. 15

## Greenwich Instruments Serial to Parallel Printer Cable

### Another way to print from your palmtop!

If you need fast printing and back up, we recommend the Trans Digital PC Card.

However, you may just need to print occasionally, your PC card slot may be already occupied, or you want a more economical solution. In that case we recommend the Greenwich Instruments Serial-to-Parallel Printer Cable.

Simply plug the 10 pin serial end into the palmtop. Plug the other end into the printer. Follow the 30-second instructions to make sure palmtop is correctly configured. Then print from MEMO, 1-2-3, Phone, other built-ins, or your favorite DOS program.

## Manuals

Replace a lost manual or buy a second one for reference at home or at the office.

HP 95LX User's Guide (used)	\$15.00	#LXM9
HP 100LX User's Guide (used)	\$15.00	#LXM1
HP 200LX User's Guide (new)	\$15.00	#LXM2

## Cases

Protect your investment. We have a variety of used cases for your palmtop. Both slip-in and wallet styles.

Palmtop Case (Wallet) (used)	\$25.00	#LCW
Palmtop Case (Slip-in) (used)	\$20.00	#LCS

## Upgrade your HP 100LX with Pocket Quicken

The main difference between the HP 100LX and 200LX is Pocket Quicken. We just uncovered 50 no-longer-sold brand new copies of Pocket Quicken for the 100LX. It is unlikely we will get more, so if you are interested, please place your order right away.

Pocket Quicken (new)	\$59.95	#PQ10

# Palmtop POWER Accessories

*Everything you need to keep your palmtop charged and ready to go!*

## The Best Batteries We've Seen!

**1350 mAh Nickel Metal Hydride Rechargeable Batteries (4-pack):**  
*The best we've seen*

**RECOMMENDED FOR HP 100/200LX**

Far and away the best we've ever used. You'll be pleasantly surprised at how long they keep your 100 or

200LX going. And because they recharge right inside your palmtop (with HP adapter), you don't need to remove and replace them for charging.

4-Pack NiMH Rechargeable Batteries

'24.00

#RBAT

## ABC/LX Battery Monitoring Software:

**ACCURATE Low Battery Warnings and More!**

Hassle-free software that accurately monitors your rechargeables (any rechargeables), and optimizes the fast-charge/trickle-charge functions to maximize battery life and performance.

ABC/LX Battery Monitoring Software (new)

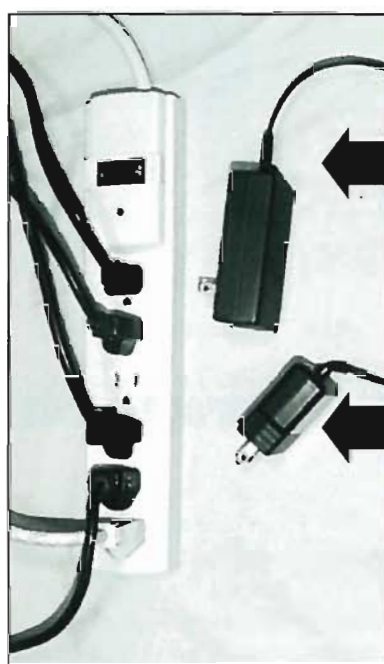

'34.95

#ABCL

## Charge where you are...

As a rule of thumb, it's a good idea to have a few adapters. One in the office, one or two at home, one for the road etc. Gives batteries a rest and recharges them at the same time (if they're rechargeable!).

**HP 100/200LX Adapter (New & Used):**

New	'39.95	#ADAN
Used	'24.95	#ADAP

**HP 95LX AC Adapter**

Used	'19.95	#ADA9
------	--------	-------

**New one-outlet AC adapter for your palmtop**

We now offer an AC adapter for your HP Palmtop that only takes up one outlet space.

AC Adapter (new) '39.95 #1ADN

## POWER Pack:

Make ordering easy. Get 4-Pack NiMH Batteries, ABC/LX Software and NEW HP Adapter as a single item.

Power Pack '98.90 #PPU

## Cigarette lighter adapter powers your palmtop!

Spend a lot of time in your car? A non-regulated DC (cigarette lighter) adapter saves palmtop battery life and charges rechargeables. Keep it plugged in while you are traveling.

Cigarette Lighter Adapter (Used) '29.95

#DCAD

## Connectivity

HP Connectivity software lets you run HPCalc, Filer, Phone, Appointment, and Database in DOS mode from your PC. Files can be transferred using Filer on the PC in DOS (although some Windows users have reported difficulty).

# 4 Great Ways to fill your palmtop's PC Card slot!

- PC Cards give the HP Palmtop flexibility and functionality.
- Each kind of PC Card gives the Palmtop a different flavor.
- PC Cards let you store extra data, run additional software, send e-mail and facsimiles, transfer data quickly, print, and run peripheral devices.
- Use a card to store a dictionary or Super Software Carousel (pages 4, 10).

## 1 Flash and SRAM storage cards

From time to time we make good buys on PC storage cards. The following list is based on current inventory. Supplies are limited so order quickly or Email us at [orders@thaddeus.com](mailto:orders@thaddeus.com) to check current inventory and pricing and to discover the availability of new cards.

### NEW EPSON PC CARDS

(originally manufactured by Sandisk)

In original shrink-wrapped packaging:

• 2.5 MB	\$49.95	#F2.5
• 20 MB	\$229.00	#F20
• 40 MB	\$379.00	#F40

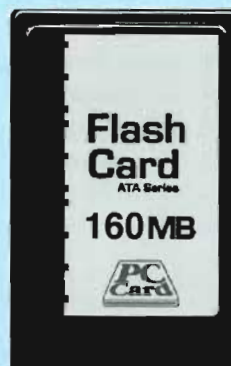

### USED PC CARDS

• 5 MB flash card	\$75.00	#F5
• 128K SRAM card	\$9.95	#F128
• 512K SRAM card	\$15.95	#F512

New battery included with SRAM cards. These inexpensive cards are excellent for backing up essential key files such as Phone and Appointment Book, and doublespeed and memory drivers.

## High capacity PC Cards Up to 160 MB!

These new uncompressed Hitachi and Lexar Type II ATA Flash Memory cards come with a 5-year warranty and a toll free number for support. These cards are 100% compatible with the HP

Palmtop, standard laptops, PC Card desktop readers, and Windows CE devices.

160 MB (new)	\$999.95	#F160
128 MB (new)	\$850.00	#F28
64 MB (new)	\$425.00	#F64

## Super Software Carousel on Flash!

*We'll install it!*

Insert PC Card containing Super Software Carousel in palmtop. Reboot. You have forty new applications and games ready to go. (See pages 4-5). Order a 5MB or greater flash card plus Super Software Carousel from us and tell us to put Super Software Carousel on the card. Or pack your flash card safely\* and send it to us with about 5MB of free space. We'll install Super Software Carousel and send back your card in a few days.

*\*Use padded envelope. Write "Please hand stamp." Insure it.*

## Have more than one PC Card?

**Use them, don't lose them.**

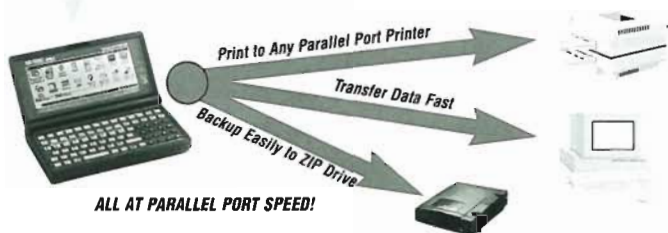

We recommend this new soft leather case designed to hold your PC Cards, with space in back for your business card.

PC Card leather case	\$15.95	#PCLC
----------------------	---------	-------

## 2 The Trans Digital Parallel Port PC Card

### *Especially useful for Upgraded-Memory Palmtops!*

**IF YOU HAVE** any HP palmtop with 4 or more megs of memory, then you either know how long it takes to back up... or you're not backing up. (Not backing up is not a solution.)

And if you ever print from the HP palmtop, or want to, you might find it a rather cumbersome process. There are many times when you might have the need to upload, download, backup, print or transfer large amounts of data. Having a parallel port on your palmtop makes it fast and easy.

Filer-like and XCOPY-like software is already in the Trans Digital PC Card's low-power flash ROM for fast backup and file transfer. Setup is easy, and transfer is extremely fast and straightforward. This can be important to any palmtop owner, but it is critical when you have many megabytes of data to transfer and protect.

Except for the lack of a parallel port, the HP Palmtop has always been like a DOS PC in your pocket. Now the similarity is complete, and now your palmtop can have the full speed connectivity of a desktop!

### **Special Feature** *for Upgraded Palmtop owners:*

Our version of the Trans Digital PC Card also has the drivers DoubleSpeed and Upgraded-Memory palmtops need in its flash memory! Yes, these drivers have already been supplied on a floppy, but it's nice to have them on a flash card for those unexpected little disasters. *Very nice.*

"I got the Trans Digital card working with my Zip drive in about 5 minutes. Very cool. I feel much safer now that my 32MB internal disk is safely backed up to a Zip disk." —*Mitch Hamm, www.palmtop.net*

"The Trans Digital PC Card is by far the best piece of hardware I have for my double speed 32MB upgraded HP200LX" —*Peter Massicott 102425.142@compuserve.com*

**Trans Digital Parallel Port PC Card \*New) \$179.00 #TDC**

## 3 Fax/Modem Cards

*Low-powered 14.4 Fax/modem cards ideal for palmtop.*

*With WWW/LX Plus (page 11), E-mail and Internet anywhere there's a phone!*

Before buying four hundred of these lower-powered modems, we asked Mack Baggette of Times2Tech for his recommendation. In his tests Mack found the battery drain of this modem, when in the palmtop, but not in use, to be half that of Megahertz modem — the best he had ever seen\*. It is unlikely we will

be able to find as good a product for the palmtop. So if you are interested, we suggest you buy now while supplies are available.

\*340 MA connected, 7-8 MA not connected

**Low-power 14.4 Fax/Modem Card (new) \$69.95 #MFMC**

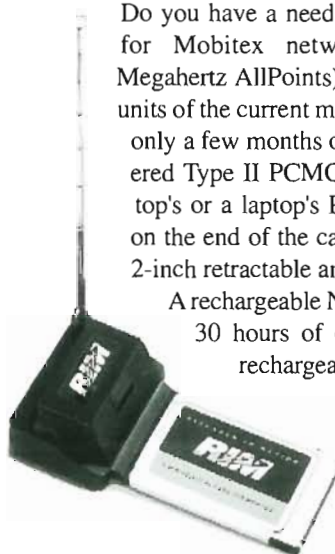

## 4 RIM Wireless PC Card

### **Mail & Internet Anywhere!**

*...over \$100 less than lowest retail price!*

Do you have a need for the RIM Wireless PC Card for Mobitex network (also marketed as the Megahertz AllPoints)? We have access of up to 600 units of the current model, some brand new and some only a few months old. The RIM card is a self-powered Type II PCMCIA card that fits into the palmtop's or a laptop's PC Card slot. A small extension on the end of the card contains a 9-volt battery and 2-inch retractable antenna (6 inches fully extended).

A rechargeable NiCd battery gives the RIM up to 30 hours of operation (40 hours on a non-rechargeable alkaline battery).

(New) \$339.00 #RIMN

(Used) \$299.00 #RIMU

**Need 5 or more?  
Call for volume pricing!**

## Dear Palmtop Enthusiast,

### New catalog, new products

Possibilities pack this catalog! No more "one size fits all." You choose: make your palmtop 5, 6, 8, 32, or 64 megabytes (pages 2-3). If you want a pure DOS machine, the 1000CX is available in all sizes for as little as \$159 (page 8).

A double-speed, memory upgrade frees up your PC card slot. Fill it with our new low-powered modem, a flash card up to 160MB, the RIM wireless card, or the Trans Digital parallel port card (pages 14-15).

Hal Goldstein  
Publisher  
The HP Palmtop Paper

### 64 Megabytes and How to Use it

More palmtop memory means more room for software (pages 10-11). Email or web-browse with WWW/LX plus. Access electronic reference works — dictionary, thesaurus, and translation tools — with a few key strokes.

My favorite utility remains Software Carousel, the backbone of the upgraded palmtop (page 6). With it I can quickly access any piece of software including any of the Super Software Carousel 40 productivity and pleasure-enhancing games and applications (pages 4-5).

Enjoy,

*Hal Goldstein*

vided on The HP Palmtop Paper  
ON DISK.

### The HP Palmtop Paper's New 1998 CD InfoBase

*It's not one product, it's thousands!*

The new 1998 CD InfoBase is the most powerful tool for your HP Palmtop because it contains thousands of others. If you already have the '96 or '97 CD, here's your chance to get everything from 1997 for what the '97 ON DISK Back Issues alone would cost. If you've never owned a CD InfoBase, we urge you to take advantage of this no-risk offer today and see for yourself. If you don't like it, simply return it for a full refund. You take no risk!

# 1998 CD InfoBase

*"The CD InfoBase is one of those happy situations where the value of a product vastly exceeds cost."*

**Here's what HP Palmtop users have to say about The HP Palmtop Paper's CD InfoBase:**

*"The CD InfoBase is the ideal reference source...."*

—David Shier, Shier Systems

*"All palmtop users would benefit from having this CD."*

—Dara Khoyi, Florida

*"It's a great product and well worth the money!"*

—Thomas Rundel, Germany

*"The CD is a downright bargain."*

—Stan Dobrowski, TeamHP

*"I thought the CD was terrific — very useful."*

—Dorothy Colton, Hewlett-Packard
