The All-Time Best HP Palmtop Product

Just Got Better!

The HP
Palmtop Paper's 1999

CD InfoBase

Easy to use! Up in minutes!

Praise for the CD InfoBase

"The contents of the CD are great! It's a great product and well worth the money!"

— Thomas Rundel, Datentechnik, Germany

"The CD is a downright bargain."

— Stan Dobrowski, TeamHP

"I thought the CD was terrific—very useful."

— Dorothy Colton, Hewlett-Packard

"All palmtop users would benefit from having this CD..."

— Dara Khoiyi, Florida

"I would like to thank you guys for making such a useful CD. There must be countless hours of work put in it. Every bit of information is so easily accessible! I already started reading some early Palmtop Paper issues I missed before my subscription. Searching for any topic is instantaneous. Thank you for putting all the HP Palmtop information and programs that you have accumulated over the past 6 years in the CD. I'm very grateful to have it."

— Harry Konstas, Canada

What's NEW in 1999!

Commercial DOS Programs, FREE!

- Lotus Agenda
- WordPerfect's DataPerfect
- Button's PC File
- Free form Square Notes
- Account Pro
- Lotus Magellan

Over 200 new and updated Palmtop programs

- Great new software from Japan with English documentation
- New DOS finds
- Updated popular palmtop games and utilities
- Working demos of WWW/LX, TimeTracker/LX

1998 Issues/The HP Palmtop Paper

All 6 1998 issues of *The HP Palmtop Paper* have been merged into the gigantic Palmtop knowledge base for fast searches.

PC In Your Pocket and HP Palmtop Technical Reference Manual in HTML

From your desktop or
Palmtop Web browser,

now you can read Ed Keefe's classic containing 100's of ideas of practical uses of the HP Palmtop.

Programmers will appreciate a second copy of the Tech Reference Manual designed to be read using the HV Web Browser on the Palmtop.

More Gutenberg Etexts

Our second CD of Etexts is now completely full. Additional works from Verne, Huxley, Longfellow, Marx, Austen, HG Wells, Darwin, Woolfe, Lewis, London, Grey, Burroughs plus documents such as the Federalist Papers have been added for your Palmtop pleasure and reference.

Bible, King James Version
Constitution of The United States
Complete Plays of Gilbert and Sullivan
And much, much more!

Thaddeus Knowledge Products

PC In Your Pocket

Ideal for users, great gift

The editors of *The HP Palmtop Paper* have organized some of their best material into a readable, practical book about the HP Palmtop. The book is filled with hundreds of real-life examples of the HP Palmtop's features and

capabilities. Busy professionals describe how they use the HP Palmtop to organize their time, information, and money to be more effective. Order directly from us and we'll include a disk containing most of the software mentioned in the book. Written both for users and for those considering purchasing an HP Palmtop.

USED means LIKE NEW!

We buy a lot of palmtops. We resell the best. We maintain very high standards for palmtops we resell. Those that don't make the grade are used for parts. HP engineering combined with Thaddeus Computing's quality control processes ensures that your Used palmtop will meet or exceed your expectations!

Top 10 Reasons to Upgrade Now!

1. **Free-up PC card slot for email** and Web access anywhere.
2. **Be more productive.** Add 20 applications, see Super Software Carousel on p. 7.
3. Have **more information available** all the time.
4. Access Phone, Database, ToDo data and do 1-2-3 **computations twice as fast.**
5. Have more fun — **challenge your mind.** Add 20 games, see Super Software Carousel on p. 7.
6. **Run vertical software** for work or play on your Palmtop. See Software Carousel on p. 6.
7. Have **English Dictionary and language translation software** a keystroke away. See pp. 10-11.
8. Take advantage of hardware breakthroughs.
9. Expand capability of **indispensable Palmtop** you know so well, rather than invest time and money on less developed Windows CE platform.
10. **Free up PC card slot for more storage**, for backup or for printing. See p. 14.

See **power accessories** on p. 13.

Guaranteed!

Upgrade any HP 100/200LX/1000CX to DoubleSpeed only: '75.00 #UPCD

* All memory upgrades include DoubleSpeed free. You may also upgrade your 1 MB 200LX or 1000CX to 2 MB: '89.00 with DoubleSpeed # U12D, or '49.00 without DoubleSpeed #U12.

** 2 Meg units with serial numbers greater than or equal to SG6 will upgrade to 6 Meg.

*** 96MB upgrades can only be performed on 2 meg units with serial numbers greater than or equal to SG6.

WARRANTY

Upgrading speed and/or memory voids HP's warranty. Thaddeus Computing provides a free **90-Day** Warranty on all Used and Upgraded Palmtops, and a Free **One-Year** Warranty on New Palmtops. You have the option of extending these Warranties at the time of purchase as follows:

90-Day Warranty extended to One-Year	'25.00	#1YRW
90-Day Warranty extended to Two-Years	'75.00	#2YRW
One-Year Warranty extended to Two-Years	'50.00	#1X2W

SHIPPING

In the U.S.: All palmtops: '9.50 each. **Upgrade in a hurry?** One day U.S. turnaround service is available for Upgrades: '55 (#H1DT).

Outside U.S.: All palmtops: '35 each. We cannot guarantee delivery time outside U.S. (normally one to two weeks).

IMPORTANT! UPGRADE CUSTOMERS:

Upgrading removes all data, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Please include daytime contact info in case we have questions.

Non-U.S. customers: write "Used Equipment For Repair" on your shipping container.

Your palmtop can be up to...

12 Palmtops in 1!

...with Windows-like flexibility!

SOFTWARE CAROUSEL

"Absolutely fabulous. Quick, everybody run out and buy Software Carousel!"

—Larry Nielsen

New Version: BUY or UPGRADE

Thaddeus Computing Software Carousel 7.0 fixes bugs from previous versions (6.8-6.92).

PLUS! An all new, greatly improved User's Guide makes learning and configuring much easier! Millions of people have purchased Software Carousel; and the Palmtop Edition, new or upgrade, is just too palmtop-enriching to pass up. But don't order until you've looked at **SUPER Software Carousel!**

How To Buy

Simple. If you only want Software Carousel (as opposed to SUPER Software Carousel), we'll send it on a 3.5 Disk with an easy-to-use User's Guide that will walk you through the installation and configuration process. You'll need at least 1MB of flash or C driver space on 100LX, 200LX or 1000CX.

Software Carousel NEW \$79.95 #SCN

Software Carousel UPGRADE* \$19.95 #SCU

How To Upgrade

*To take advantage of the Software Carousel Upgrade offer, you must supply Proof of Purchase of your current version. The easiest way to do this is to email us your serial number, or send us a photocopy of your Software Carousel Manual or your disk. We can also accept any other Proof of Purchase such as a receipt or confirmation from the company where you originally purchased. Fax, mail or email proof with your order.

Super Software Carousel on Flash — We'll Install It!

Insert PC Card containing Super Software Carousel in palmtop. Reboot. You have forty new applications and games ready to go. (See page 7). Order a 5 MB or greater flash card plus Super Software Carousel from us and tell us to put Super Software Carousel on the card. Or pack your flash card safely* and send it to us with about 5 MB of free space. We'll install Super Software Carousel and send back your card in a few days. *Use padded envelope. Write "Please hand stamp." Insure it.

Not just for the "technological elite"!

OK. It's true. Software Carousel has long appealed to the technologically elite. This elite understood the usefulness of switching between built-in applications and DOS sessions with a hot key and were willing to endure a techy manual that required experimentation.

Now Software Carousel is for the rest of us. *HP Palmtop Paper* editor, Ed Keefe, completely rewrote the user manual. His "Getting Started Tutorial" is all you need to be fully functional in less than an hour. Even better, choose Super Software Carousel and in five minutes you'll be using any of its 40 plus applications, and adding new applications.

Have up to 12 Palmtops in One!

An easy-to-use control panel allows you to customize up to 12 DOS and/or System Manager sessions to your exact needs.

Switch between DOS and Built-In programs as easily as you open NoteTaker!

Don't know what to do with all this new palmtop potential? Check out **SUPER Software Carousel** on the next page to see how Thaddeus Computing can save you many hours of loading and configuring, and provide you countless hours of happy and productive palmtopping!

Great with 8/32/64MB DoubleSpeeds or Flash Card!

Talk about a Next Generation 200LX!

Combine Software Carousel (and especially **SUPER Software Carousel!**) with the speed and memory of an Upgraded Palmtop, and you're talking about unleashing the full potential of your palmtop!

Works with Flash card memory too! (Not quite as fast.)

So if you already have an Upgraded Palmtop, or you're thinking about it, Software Carousel is the ideal way to make the most of it!

And, of course, we offer a 30-Day Money-Back Guarantee so you can find out for yourself!

SUPER Software Carousel

Just like Built-In Apps!

Like fast task-switching? Like the Built-In Apps?

How About 40 More!

Easy To Learn, Easy To Use!

Pre-configured with the very best freeware and shareware Games, Utilities and Applications available for your Palmtop!

Applications: Ready to go immediately!

Games: Years of challenging fun!

Up and Running in 15 Minutes!

Applications

Great Software

Personal Food Analyst

Your palmtop can help you lose weight, eat healthier, and increase your energy level!

1. Monitors and analyzes your food intake for calories, cholesterol, fats, proteins, carbohydrates, salts – for a total of 27 nutrients
2. Shows you how much you should be eating based on your weight goals, gender, and physical activity level
3. Built-in database of over 4000 foods used by USDA, hospitals, and universities

PFA is easy to use professional nutritional software designed for the Palmtop

Personal Food Analyst comes on a ROM card. It was designed for use on the HP 95LX and originally retailed for \$149 and later \$89. The easy-to-use program works well on the 100LX and 200LX. The program can be run from the ROM card. Alternatively, the program can be copied to and run from the C drive or another flash card.

From The HP Palmtop Paper...

"It's incredible what I thought was low fat until I entered it into PFA! ... It's also great for frequent travelers since it has many common restaurant items in its food database. I find it well worth the \$89."

Personal Food Analyst \$19.95 #PFA

TimeTracker/LX

Really want to manage your time better?

Then put TimeTracker/LX on your palmtop.

Time management professionals agree: the first step in making better use of your time, is to track how you use it. Seems easy, but the act of usefully tracking your time takes discipline, organization, and more time. It is one of those things most of us never get around to. With TimeTracker/LX you can make tracking your time easy and fun.

Here are just some of TimeTracker/LX's features: Easy to learn and use • designed for the HP Palmtop, so if you know how to use Phone, you know how to use it • great for professionals who bill customers by time • track starting and ending times, duration, activity type, client, and projects • many ways to view the collected information • requires minimal keying • reporting facility for sophisticated presentation of data • several report templates included • export to Lotus 1-2-3 or to word processors (in RTF) • on screen totals obtained with a few keystrokes.

Program authored by Andreas Garzotto, author of WWW/LX, HV, ABC/LX and PE.

TimeTracker/LX \$39.95 #TTLX

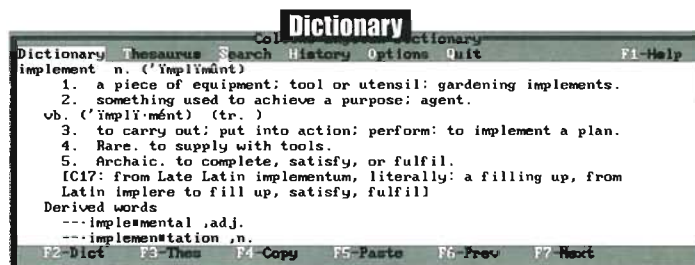

Electronic Dictionary, Thesaurus,

Electronic Dictionary & Thesaurus

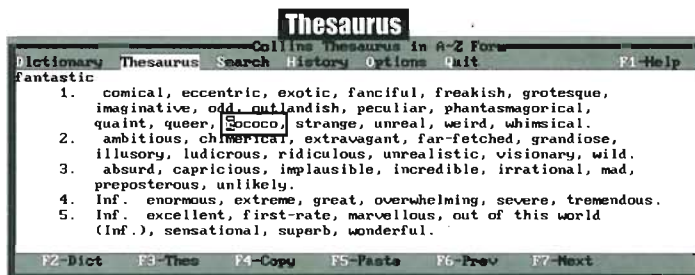

BACK IN STOCK!

190,000 definitions & 270,000 word Thesaurus

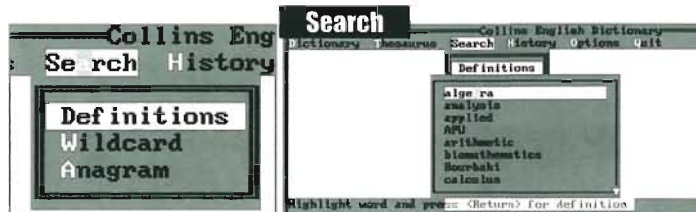

It's great having the official Collins English Dictionary (third edition updated) and Collins Thesaurus at your fingertips. The minimal typing feature scrolls through the wordlist as you type each letter. Because it's electronic you can find words in ways not possible with books. Besides being incredibly useful, an electronic dictionary is a fun way to learn about word origins and increase your vocabulary.

190,000 definitions. 16,000 encyclopedic entries. You'll find pronunciation, etymology, hyphenation points, anonyms, examples of words in use, in-depth information on how to use words appropriately. Dictionary entries include cities in Japan, rivers in Germany, business words, government terms, names, places, dates.

270,000 synonym Thesaurus grouped by parts of speech, or meaning, and directly linked to dictionary. You can look up words which appear within the dictionary or thesaurus definition. In this example, we look up "rococo" by moving the cursor and pressing F2 for dictionary definition or F3 for the thesaurus entry.

DEFINITIONS let us search the dictionary for all occurrences of a word in the dictionary, in this case "mathematics". Although a bit slow on the palmtop, you can also do boolean searches such as (french AND composer). **WILDCARD** lets you search for the word. For example: l??a (you remember the "l" and "a" is four letter word for Italian currency), "ntr" (all words containing "ntr"). Scrabble players and word puzzlers will appreciate the **ANAGRAM** feature. In addition, a history of words looked up in a session is easily accessible for backtracking.

"I'm a translator. I strongly recommend these Harper Collins products to anyone in the market for good Palmtop dictionaries."

—Tony D. Guzewicz, 74722,421@compuserve.com

"I love them. Nothing like being able to get a definition or confirm the spelling no matter where I am." —S. Todd, 70312.462@compuserve.com

For Your Palmtop!

Translation always accessible!

BACK IN STOCK!

Multilingual Dictionary

Quick & accurate translations anytime!

German • French • Spanish • Italian

English to and from Spanish, French, German or Italian: Install any or all of the eight dictionaries onto your palmtop. One dictionary takes about 800K; all eight take less than 6 megabytes. Each dictionary pair contains over 75,000 references and 110,000 translations.

QUICK/ACCURATE TRANSLATIONS!

Near matching: Looks up the closest spelling of the word

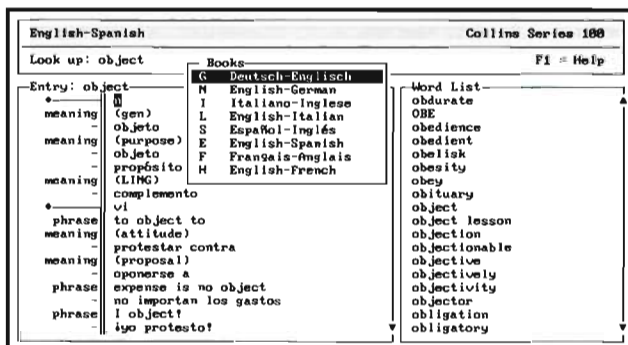

Meanings: Signposted for accurate translation

Minimal typing: Scrolls through the wordlist as you type each letter

Wildcard search: * and ? finds words when you don't know the spelling

Easy switching: Between all dictionaries

History: Displays recent lookups

Word List feature means little typing. Type a few letters and select. Meaning chart and phrases let you choose correct word. Switch between dictionaries at any time.

"I used a couple of translation products on my 200LX. S100 I still like best. You can install it on the desktop as a Windows product and you can install it as a DOS version. It is easy to use. I run one Software Carousel session with S100, so it is always available. You should try it, it is worthwhile."

—Helmuth Guenther
100143.2451@compuserve.com

"I have been using them on my HP for about two years. It is absolutely great to have them handy everywhere, and I have found nothing remotely as good."

—Jeffrey F. Friedman
70544.3152@compuserve.com

"Absolutely awesome. I use the Spanish to English and English to Spanish constantly. Highest recommendation."

—Patrick Campbell
75557.726@compuserve.com

How to Order

Both the dictionary/thesaurus and the translation dictionaries can be easily installed and run as stand-alone DOS programs on a flash card or on the internal drive of a 32 or 64 meg palmtop. When used with Software Carousel or Super Software Carousel, these word tools are only a keystroke away.

HP Palmtop REPAIR SERVICE!

**Don't
trash it...
REPAIR
IT**

*Available
worldwide*

Most repairs only \$125* #PTRS

Like Hewlett-Packard's repair service, Thaddeus Computing uses used parts to repair palmtops. Unlike HP, Thaddeus has a flat rate of \$125.* HP charges \$220. Save \$95!

Normally, we ship units back within five days of receiving them. So, whatever the problem, just send the palmtop in with a description of the problem and payment and we'll take care of it.

Free 90-Day Warranty

HP warranty voided by repair.

* Currently we are short some parts. If your screen or motherboard is bad and cannot be directly repaired, we may have to charge an additional \$50 to replace it (total comes to \$175). We will contact you if we must make the extra charge.

"The doublespeed is definitely an improvement, but the repairs you did are topnotch. You even fixed a couple of things that I didn't request. You have earned a lifetime customer!"

— Anthony Tenorio

**Use a trackable shipping method and provide daytime contact info!
Be sure to give us a description of the problem!**

1 or 2 Year Warranty Extensions

Extend 90 Days to 1 Year \$25 #1YRW

Extend 90 Days to 2 Years \$75 #2YRW

Shipping:

U.S. \$9.50 each. Non-U.S. \$35.00 each.

Outside the U.S.

Clearly label your shipping container

"Used Equipment for Repair"

IMPORTANT Repair removes all data.
Do a complete backup before shipping.

*Next best thing
to backlighting!*

Flexlite Pocket Reading Light

We haven't come up with a reliable method for backlighting the Palmtop's screen. So, instead we've found an excellent clip-on light that works as if designed for the Palmtop.

FEATURES:

- Pocket-sized, light weight 2.4 oz (68 grams)
- Flexible arm points the light to any position
- Clip fits perfectly onto palmtop screen case
- Oversized switch easy to find
- Uses 2 AAA batteries (included)
- Lights both screen and keyboard

Flexlite Pocket Reading Light \$24.95 #FPRL

Upgrade your HP 100LX with Pocket Quicken

The main difference between the HP 100LX and 200LX is Pocket Quicken. We just discovered some no-longer-sold brand new copies of Pocket Quicken for the 100LX. It is unlikely we will get more, so if you are interested, please place your order right away.

Palmtop POWER Accessories

NEW!

Fast IR file transfer between 100/200LX and Windows Desktop

Aegis IR-HP5 lets you transfer files between your desktop PC and HP 100LX or HP 200LX at 57600 BAUD without plugging and unplugging cables. Just point and connect. No more wrestling with the wire tangle behind your PC.

Simple and inexpensive

The two-piece Aegis IR-HP5 solution is simple, elegant, and inexpensive. The IR-HP5 includes a 6-foot "extension cord" serial cable and a detachable IR head. Leave the serial cable plugged into your desktop serial port. Plug any serial device directly into the cable rather than struggling at the back of your PC.

When you want to do IR file transfer, just plug the detachable IR head into the serial cable. Then run HP's free Transfile Win 200 software on your desktop PC, point your palmtop at the IR head, and you're ready to go. Use File Manager on the HP 200LX and Transfile on the desktop PC to copy files back and forth quickly and easily.

The IR-HP5 was designed to work with the HP 200LX to transfer files between a Windows 95/98/NT desktop PC running Transfile Win 200. However, it will work with other HP Palmtop file transfer software on the desktop PC, including the HP Connectivity Pack.

Download Transfile Win 200 for free at: www.palmtop.net/transfile.html.

Aegis IR-HP5 for Desktop to 200LX IR Transfer \$39.95 #IRFT

Greenwich Instruments

Serial/Parallel Printer Cable

Another way to print from your palmtop!

If you need fast printing and back up, we recommend the Trans Digital PC Card. However, you may just need to print occasionally, your PC card slot may be already occupied, or you want a more economical solution. In that case we recommend the Greenwich Instruments Serial-to-Parallel Printer Cable.

Simply plug the 10 pin serial end into the palmtop. Plug the other end into the printer. Follow the 30-second instructions to make sure palmtop is correctly configured. Then print from MEMO, 1-2-3, Phone, other built-ins, or your favorite DOS program.

Greenwich Instruments Printer Cable (New) \$69.95 #GSPC

Charge where you are

As a rule of thumb, it's a good idea to have a few adapters. One in the office, one or two at home, one for the road etc. Gives batteries a rest and recharges them at the same time (if they're rechargeable!).

Power Pack \$98.90 #PPU

Flash Storage Cards

NEW SanDisk PC Cards!

Up to **440 MB**

Our research reveals that SanDisk cards yield longer palmtop battery life, strong performance, and minimum startup delays. SanDisk invented the ATA flash card, and Hewlett-Packard uses SanDisk as the manufacturer for its line of PC Cards. Until recently, we carried the competition which offered higher capacity cards for less. Now, with recent price cuts and new offerings, we feel SanDisk offers the best value for Palmtop customers.

CompactFlash™ cards with Type II adapters

For lower capacity, CompactFlash™ cards with Type II adapters offer more flexibility and better performance than standard Type II cards. CompactFlash works in HP palmtops, Windows CE handhelds, laptops, desktops with card readers, and in most digital cameras.

All New Pricing! (Fall '99)

Trans Digital Parallel Port PC Card

Especially useful for Upgraded-Memory Palmtops!

IF YOU HAVE any HP palmtop with 4 or more megs of memory, then you either know how long it takes to back up... or you're not backing up. (Not backing up is not a solution.)

And there are many times when you might have the need to upload, download, backup, print or transfer large amounts of data. Having a parallel port on your palmtop makes it fast and easy.

Filer-like and XCOPY-like software is already in the Trans Digital PC Card's low-power flash ROM for fast backup and file transfer. Setup is easy, and transfer is extremely fast and straightforward. Now your palmtop can have the full speed connectivity of a desktop!

Trans Digital Parallel Port PC Card \$179.00 #TDC

Special Feature for Upgraded Palmtop owners:

Our version of the Trans Digital PC Card also has the drivers DoubleSpeed and Upgraded-Memory palmtops need in its flash memory! Yes, these drivers have already been supplied on a floppy, but it's nice to have them on a flash card for those unexpected little disasters. Very nice.

Do Your Best Thinking With Help From Your Palmtop

Effective, expansive thinking is the foundation for success. One idea, one new approach in project planning, negotiation, or idea generation can mean the difference between success and failure, between thousands of dollars and hundreds of thousands of dollars. If you are reading this, you likely have the natural ability and experience required to plan, to negotiate, and to create. Now it is possible to use your palmtop to enhance those abilities! You can use proven, systematic, thought-expanding techniques by using **Project KickStart**, **The Art of Negotiating**, or **The Idea Generator Plus** on your Palmtop, any time, any place.

Project KickStart — Tool for Brainstorming and Project Planning on Your Palmtop

Ever need to plan a project, but have a hard time getting started? Project KickStart takes you from a raw idea to a project task list in only 30 minutes. You can define project phases, clarify your goals, establish tasks, anticipate obstacles, and delegate assignments -- all the "big picture" issues necessary for organizing any project. Use Project KickStart to create an action plan, then either view it on screen, print it out, or import it to your word processor or Microsoft Project or Time Line.

"When you can't see the forest for the trees, it's all too easy to miss an essential step or two and jeopardize the mission. That's why Project KickStart is the perfect tool for quickly getting a project up and running." — Matt Lake, Computer Currents

"Very useful ... For me, simply starting the task list was the most difficult and intimidating part of my project. Project KickStart served me well." — David Breiner, Sales Engineer

Get The Art of Negotiating. Then get what you want!

The Art of Negotiating software is like having negotiating expert Gerard Nierenberg at your side, helping you think through all the issues critical to your success. The program helps you lay the groundwork for winning; whether you are negotiating a contract or making a major purchase.

This easy-to-use program helps you define objectives and issues and explore the best strategies. You identify potential conflicts before your first meeting. Art of Negotiating's structure leads you through crucial areas of preparation. In each section, the program asks an integrated series of questions and offers suggestions about people on both sides.

Your answers to the program's questions help you develop practical alternatives and strategic plans. A final report includes an agenda of all issues.

"I found The Art of Negotiating extremely easy to use...After sifting through my negotiation scenarios, I was ready to take on real life. After using the program, I discovered that my attitude toward the business negotiation was considerably more flexible and my presentation much better planned." — PC World

Brainstorm at 90 m.p.h. with The Idea Generator.

You can now solve problems and create new ideas faster than you ever thought possible with the help of this revolutionary new program. With only thirty minutes you can create HUNDREDS of ideas — for ANY — situation and then evaluate them!

The Idea Generator is a structured approach to creativity that really gets results. Just follow the on-screen prompts, answer questions, role-play, use metaphor, and much, much more. Let the program nudge you out of your own "mental box" so you can discover surprising answers and dazzling new solutions. It's fast, easy, and GUARANTEED to blow the lid off your mind! You can view your results on screen or even print out a report to show others.

"The true element of genius in the program's structure is that it gets you to focus very narrowly on possible solutions that reflect your own unique style of thinking." — Success Magazine

3 business productivity tools for the price of 1... Plus Bonus Creativity Book

Each of these products currently retails for \$79.95 (originally \$129.95). Because of a large buy of extra inventory of this DOS software, we can offer all three products for \$79.95. When these 400 pieces of inventory go, it is unlikely we will be able to obtain more.

Each program runs on the HP 100LX or 200LX in DOS and takes up 360K of disk space on your palmtop or PC Card. Each program requires 256K of RAM which means it is possible to run from FILER.

CREATIVITY BUNDLE including Idea Generator, The Art of Negotiating, and Project Kickstart software plus book, The Art of Creative Thinking \$79.95 #CB31

You may take \$10 off for each of these products you already own.

BONUS:

The Art of Creative Thinking

by Gerald I. Nierenberg

This classic, practical work by one of the world's recognized experts ships free with all orders. According to the author:

"The purpose of this book is to show you how, by thinking in certain ways, you can solve your problems creatively. Once you have read and studied this book, few if any difficulties will resist your creative solutions. Instead of obstacles, problems will present opportunities to exercise your creative thinking to a degree that will delight you."

Palmtop Golden Age Over? We Think Not!

Dear Palmtop User,

It's amazing. Yes, HP discontinues the HP 200LX Nov. 1. But you could have fooled Palmtop users and developers. **New Palmtop possibilities appear weekly.**

There's tons of new software. Examples: www.dasoft.com's PIM/LX, Outlook file transfer tools, and a database file corruption tester. Also, commercial DOS software such as Borland's Turbo Pascal and Symantec's ThinkTank have now been released in the public domain. Use keyword search at www.palmtoppaper.com/download.htm. Also, check out new Palmtop listings at www.palmtop.net. You'll be amazed!

Last issue we introduced the 96 Meg upgrade. In the future, we hope to announce **HP 200LX backlighting!**

Furthermore, **your HP Palmtop investment is safe.** HP continues its support until November, 2002. We plan to supply knowledge, repairs, upgrades, and used Palmtops for at least that long.

Finally, an active and knowledgeable group of users continue to provide **free technical support** and the latest Palmtop news via an email list — sign up at www.sp.uconn.edu/~mchem1/HPLX.shtml. For knowledge visit www.hplx.net. By the end of this year, 8 years of *The HP Palmtop Paper* can be found at www.palmtoppaper.com.

The Palmtop is alive and well!

Hal Goldstein
