
"Take heart!' The speed upgrade is as nearly bullet proof as anything I have ever used. I have NEVER had a problem related to speed change."
—Lynn M. Cavendish
"I just received my upgraded 200LX back 8MB DS today, and it rocks! Now I've been running a $2 M B 100 L X$. Hard to believe it's only *double* speed."
-Steven Lawson
"The new 200LX Double Speed 64MB model I bought from Thaddeus is really great. Every time I have had a question or just wanted to order something, everyone I have spoken with has been more than willing to help and in fact are quite courteous indeed. This is quite rare these days. Thanks very much.

All of you people at Thaddeus are really great. I wish every software/hardware vendor I dealt with were more like you." —William E. Blankenship

## WHV AN UPGBADED PMLDTOPA

1. Speed - You'll find almost all palmtop operations from Lotus calculations to Phone book searches operate twice as fast. Also, key data and applications can be run from the much faster internal C drive than from a flash card.
2. Frees PC card slot - You can use the flash card slot for a modem, network card, parallel port card, or more data storage space. Or don't use the slot at all. Store all key software and data right on 200LX.
3. Switching between programs faster - Use Software Carousel or Super Software Carousel on the internal drive and switch quickly between DOS applications and built-in applications.
4. Eliminate "Out of Memory" errors - Use Software Carousel to set up several sessions of built-in applications. That way you can have, for example, HPCalc and memory hog 1-2-3 running in one session and Phone book in another.
5. Convenience and ease-of-use - It is much easier and more efficient to have frequently used software and data in one place, as if built-in to the palmtop. Backups are easy.

## IMPORTANT! UPGRADE INFORMATION

Upgrading removes all data, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Please include daytime contact info in case we have questions. Non-U.S. customers: write "Used Equipment For Repair" on your shipping container.

## 96 MB Upyrades

Currently there are no 96 MB upgrades available. Check www.PalmtopPaper.corn for latest information.

## Refurbished 200L/Ks Available!

We recently purchased a large quantity of HP 200LXs. We resell only the best, the rest are used for parts. HP engineering combined with Thaddeus Computing's quality control and refurbishing processes means a quality palmtop for you. Our warranty and money-back policy means you take no risk.

Each refurbished 200LX has an attractive white $3 / 4 \times 1 / 4$ inch Dutch Railway logo on the top casing in the lower right. You can easily erase the white with nail polish remover. These Euro-English units function exactly as US-English units, but the keyboard template differs: additional blue symbols like the pound and umlaut appear, and black titles like APPT or PHONE under built-in application keys are missing. We like the Euro-English version better than the U.S. version since the additional keyboard markings reveal hidden functionality.

These units come with a 30-day no-questions-asked refund policy and a 90-day warranty. This warranty can be extended to one year for only $\$ 25$, and to two years for only $\$ 75$.

These palmtops are going faster than expected. When they go, we don't know if we will be able to obtain more!

## Now you can switch between PHUNE,

your favorite game, and a dictionary as easily as you switch between MEMO and APPT! Your Palmtop can be up to...

Software Carousel is a must for your palmtop if you run DOS programs or if you have ever run out of memory because of large 1-2.3 or database file! Use Software Carousel to create up to 12 palmtop sessions. Have one devoted to a large 1-2-3 file, others to your favorite DOS programs, and another to built-in applications (where you can open a second 1-2-3 file). Switch between session by pressing the application key or hitting the Ctil key and the number of the session.

## Easy to get started

HP Palmtop Paper editor, Ed Keefe, completely rewrote the user manual. His "Getting Started Tutorial" is all you need to be fully functional in less than an hour. Even better, choose Super Software Carousel and in five minutes you'll be using any of its 40 plus applications, and adding new applications. See next page.

## Great with 8/32/64MB DoubleSpeeds or Flash Card!

Talk about a Next Generation 200LX!
Combine Software Carousel (and especially SUPER Software Carousel!) with the speed and memory of an Upgraded Palmtop, and you're talking about unleashing the full potential of your Palmtop!

Works with Flash card memory too! (Not quite as fast.)
So if you already have an Upgraded Palmtop, or you're thinking about it, Software Carousel is the ideal way to make the most of it!

And, of course, we offer a 30-Day Money-Back Guarantee so you can find out for yourself!

[^0]
#### Abstract

"Everybody with enough RAM or a (fast) flash card should consider getting this 'cannot live without it' piece of software. Its value in terms of $\$$ is just the price of a palmtop multiplied with the number of SC sessions you want to run. I have 10 sessions running, hence my value of SC is $\$ 2000$, assuming I had to buy 10 used palmtops for $\$ 200$ each. It's really that simple: SC just offers you up to 12 virtual palmtops in one physical. SC is the most important piece of software running on my LX!"

-Stefan Peichl
"I've got to tell you, this thing is incredible!" I'm sorry I hadn't bought it years ago. It should be standard issue for every palmtop you sell! Installation was a snap I look forward to dealing with Thaddeus for years to come."
-Larry Feldman

## How To Buy

Simple. If you only want Software Carousel (as opposed to SUPER Software Carousel), we'll send it on a 3.5 Disk with an easy-to-use User's Guide that will walk you through the installation and configuration process. You'll need at least IMB of flash or C drive space on 100LX. 200LX or 1000CX.

Software Carousel NEW
$\$ 79.95$ \# SCN
SOS

Like fast task-switching? Like the Built-In Apps? How Ahout 40 More!

Super Software Carousel is fantastic ... NOT some loosely cobbled together set of ideas. You folks did the work, research, etc. and integrated a LOT of things that I never would have taken the time to figure out and do; then made it pretty darn easy to install. That's my long version of: "THANK YOU!!! Worth Every Cent!" [and, yes, you can quote me]
-Timothy Raymond
Easy To Learn, Easy To Use!

Pre-configured with the very best freeware and shareware Games, Utilities and Applications available for your Palmtop!

## Just like Built-In Apps!

Software Carousel Session 1 - Normal Palmtop built-in apps

Software Carousel Session 2 - Applications: Ready to go immediately!

Software Carousel Session 3-Games: Years of challenging fun!

Zoom blows up any phone book, appointment book, or database item. Above is a before and after view.

## Super Software Carousel on Flash — We'll Install It!

Insert PC Card contuning Super Software Carousel in Palmup. Rehool. You have fory new applications and gantes ready to go. Order a 10 MB or geater flash card with Super Software Carousel preinstalled.

Special: Super Software Carousel on 10MB Card:
Sider $\$ 159.95$ HSSCC

## What makes Super Software Carousel SUPER?

It begins with Software Carousel.
But we've done all the work and provided the BEST available freeware and shareware in one pre-configured package! All easy-to-use programs that will tremendously expand your palmtopping power. Suddenly your palmtop is loaded with all the best freely available software!
Suddenly you have so many new Games, Programs and Utilities that it will take you months just to explore it all!
Suddenly you can do all the things you always wished you could, from spellchecking to hypertext viewing to playing chess. And far more!

And it's just the beginning! You can add all the programs to Software Carousel that your palmtop's memory will bear. (You can delete programs too, if you like.)
It's a quantum leap in HP Palmtop computing.
And it adds whole new dimensions to having a PC in your Pocket!

## Installation: Fast and Painless!

Super Software Carousel comes on CD. If you are upgrading or buying a new or used palmtop, we can install SSC before we ship. Or, you can easily install Super Software Carousel yourself. Simply transfer mirror subdirectory from the CD to your palmtop, make a few minor file edits, and you're ready to go!
If you'd like, you may send your palmtop in to Thaddeus to have SSC installed free (normal shipping applies.)
Everyone who orders Super Software Carousel will receive the CD and complete documentation.

## System Requirements

Includes the complete version of Software Carousel, plus all additiona! software. Runs on HP $100 \mathrm{LX}, 200 \mathrm{LX}$, or 1000 CX on flash disk or in system RAM (C drive). Full package requires 5 meg: approximately 2 meg for 20 plus applications, 2 meg for 30 plus

## Eleatronic Dichionary, Thesaurus,

## Electronic Dictionary \& Thesaurus <br> $\mathbf{1 9 0 , 0 0 0}$ Definititions \& $\mathbf{2 7 0 , 0 0 0}$ Word Thesaurus

It's great having the official Collins English Dictionary (third edition updated) and Collins Thesaurus at your fingertips. The minimal typing feature scrolls through the wordlist as you type each letter. Because it's electronic you can find words in ways not possible with books. Besides being incredibly useful, an electronic dictionary is a fun way to learn about word origins and increase your vocabulary.

190,000 definitions. 16,000 encyclopedic entries. You'll find pronunciation, etymology, hyphenation points, antonyms, examples of words in use, in-depth information on how to use words appropriately. Dictionary entries include cilies in Japan, tivers in Germany, business words, government terms, names, places, dates.

270,000 synonym Thesaurus grouped by parts of speech, or meaning, and directly linked to dictionary. You can took up word's which appear within the dictionary or thesaurus detinition. In this example, we look up "rococo" by moving the cursor and pressing F2 for dictionary definition or F3 for the thesaurus entry.

DEFINITIONS let us search the dictionary for all occurences of a word in the dictionary, in this case "mathematics" Allhoughti a bit slow on the Palmtop, you can also do boolean searches such as (french AND composer). WILDCARD lets you search for the word. For example: 1??a (you remember the "I" and "a" is four letter word tor Halian currency), "ntr" (all words containing "nur"). Scrabble players and word puzziers will appreciate the ANAGRAM teature. In addition, a history of words looked up in a session is easily accessible for backtracking.
"I'm a translator. I strongly recommend these Harper Collins products to anyone in the market for good Palmtop dictionaries.'
-Tony D. Guzewicz, 74722,421@compuserve.com

[^2]
## For Your <br> Palmto+

## Translation always accessible!

## Multilinuyal Dictionary

## Quick \& accurate translations anytime!

German • French • Spanish - Italian

English to and from Spanish, French, German or Italian: Install any or all of the eight dictionaries onto your Palmtop. One dictionary takes about 800 K ; all eight take less than 6 megabytes. Each dictionary pair contains over 75,000 references and 110,000 translations.

## QUICK/ACCURATE TRANSLATIONS!

Near matching: Looks up the closest spelling of the word
Meanings: Signposted for accurate translation
Minimal typing: Scrolls through the wordlist as you type each letter Wildcard search: * and ? finds words when you don't know the spelling Easy switching: Between all dictionaries
History: Displays, recent lookups

Word List feature means little typing. Type a few letters and select. Meaning chart and phrases let you choose correct word. Switch between dictionaries at any time.
"I used' a couple of translation products on my 200LX. S100 I still like best. You can install it on the desktop as a Windows product and you can install it as a DOS version. It is easy to use. I run one Software Carousel session with S100, so it is always available. You should try it, it is worthwhile."

- Helmuth Guenther
100143.245/@compuserve.com
"I have been using them on my HP for about two years. It is absolutely great to have them handy everywhere, and I have found nothing remotely as good."

30544 Heffrey F. Friedman
70544.3152@crmpusene.con
"Absolutely awesome. I use the Spanish to English and English to Spanish constantly. Highest recommendation."

Patrick Campbell
ins 11 Dify Both the dictionary/thesaurus and the translation dictionaries can flash card or on the internal drive of a 32 or 64 meg Palmton. When used with Software Carousel or Super Software Carousel, these word tools are ondy a keystroke away.

## Choose 1 or Both Keyboard Options!

## a Great Keytoarul <br> for the 200ux

HP sells an external serial keyboard for its Windows CE HP 430SE Jornada Palm-size PC. That keyboard turns out to be an excellent, portable, touch-typeable input device for the HP 200LX.

The keyboard has a great feell - it's easy to type on. What's more with our
 proprietary software, its keyboard maps almost perfectly to the 200LX keyboard. A full set of function keys run across the top. There is a FN key plus an ALT key that doubles as the MENU key. You start built-in apps by holding down the Start Windows Key and pressing A for appointment, P for phone, etc.

For ease of use we've replaced the 430 SE cable with the 10 -pin HP connectivity cable. Now the keyboard plugs right into your 200LX.

Keyboard with HP 200LX cable and software \#KEYB \$139.00

Use any desktop computer keyhoard to enter data into your 200LX with the KeyMate adapter

## AS EASY AS 1-2-3

1. Install our proprietary software driver onto your 200LX.
2. Connect the KeyMate adapter to any stan-
 dard (PS/2) desktop Windows keyboard.
3. Connect the KeyMate adapter to the HP 200LX with either of the included serial or infrared cables.
Start typing.

## Fast File Transfer Between Palmtop and Desktop

Use the IR-HP5 to transfer files between a Windows 95/98/NT desktop PC and the HP 200LX running Transfile Win 200 or other HP Palmtop file trans-
 fer including the HP Connectivity Pack. Download Transfile Win 200 for free at: www.Palmtop.net/transfile.html.
Aegis IR-HP5 lets you transfer files between your desktop PC and HP 100LX or HP 200LX at 57600 BAUD without plugging and unplugging cables. Just point and connect. No more wrestling with the wire tangle behind your PC.
The IR-HP5 includes a 6 -foot "extension cord" serial cable and a detachable IR head. Leave the serial cable plugged into your desktop serial port. Plug any serial device directly into the cable rather than struggling at the back of your PC. When you want to do IR file transfer, just plug the detachable IR head into the serial cable.

Aegis IR-HP5 for Desktop to 200LX IR Transfer \$39.95 \#IRFT

## Charge Where You Are

As a rule of thumb, it's a good idea to have a few adapters. One in the office, one or two at home, one for the road etc. Gives batteries a rest and recharges them at the same time (if they're rechargeable!).

Next best thing to backlighting! Pocket Reading Light

We haven't come up with a reliable method for backlighting the Palmtop's screen. So, instead we've found an excellent clip-on light that works as if designed for the Palmtop.

- Pocket-sized, light weight 2.4 oz ( 68 grams) - Oversized switch easy to find
- Flexible arm points the light to any position - Uses 2 AAA batteries (included) - Clip fits perfectly onto Palmtop screen case - Lights both screen and keyboard Pocket Reading Light '24.95 \#FPRL

## See also Trans Digital Card, P. 14

Greenwich Instruments Serial/Parallel Printer Cable Print from your Palmtop! ©

If you need fast printing and back up, we recommend the Trans Digital PC Card. However, you may just need to print occasionally, your PC card slot may be already occupied, or you want a more economical solution. In that case we recommend the Greenwich Instruments Serial-to-Parallel Printer Cable. Simply plug the 10 -pin serial end into the Palmtop. Plug the other end into the printer. Follow the $30-$ second instructions to make sure Palmtop is correctly configured. Then print from MEMO, 1-2-3, Phone, other built-ins, or your favorite DOS program.
Greenwich Instruments Printer Cable (New) '69.95 \#GSPC

This is the FASTEST PC Card modem we've found to work in the HP 200LX. It also consumes the least power of any modem we've tested.
We can't guarantee the actual speed on the 200LX because the 200LX and software is an older technology. However, independent testers have verified a speed of 45Kbps using D\&A Software's WWW/LX and Rod Whitby's freeware LXTCP.

56Kbps Fax/Modem Card ${ }^{\mathbf{s} 99.95 \text { \#56FM }}$
"I am connecting consistently at 45Kbps and higher. I'm sure that there will be some discussion about whether it's really that fast, but it definitely seems to be 3-4 times quicker than my 14.4 X-Jack. I am just amazed that the modem requires so little power and can run off the batteries of the LX for repeated online runs of grabbing e-mail. It's money well spent. The bonus is that you also get a cool modem for use with your laptop."
-Deputy Jeff Johns, Jefferson County Sheriff's Department

# Trans Digital <br> Parallel Port PC Card 

## Especially useful for Upgraded-Memory Palmtops!

IF YOU HAVE any HP Palmtop with 4 or more megs of memory, then you either know how long it takes to back up... or you're not backing up. (Not backing up is not a solution.)

And there are many times when you might have the need to upload, download, backup, print or transfer large amounts of data. Having a parallel port on your Palmtop makes it fast and easy.

Filer-like and XCOPY-like software is already in the Trans Digital PC Card's low-power flash ROM for fast backup and file transfer. Setup is easy, and transfer is extremely fast and straightforward. Now your Palmtop can have the full speed connectivity of a desktop!
Trans Digital Parallel Port PC Card ${ }^{5} 179.00$ \#TDC
"I got the Trans Digital card working with my Zip drive in about 5 minutes. Very cool. I feel much safer now that my 32MB internal disk is safely backed up to a Zip disk."
-Mitch Hamm

# Iing Your PC Card Sit 

 Storage CardsSanDisk CompactFlash Cards w/PC Card Adapter

Our research reveals that SanDisk cards yield longer Palmtop battery life, strong performance, and minimum startup delays. SanDisk invented the ATA flash card, and Hewlett-Packard uses SanDisk as the manufacturer for its line of PC Cards.

## CompactFlash Cards with PC Card Adapters

For lower capacity, CompactFlash cards with PC Card adapters offer more flexibility and better performance than standard PC Cards. They work in HP Palmtops, Windows CE handhelds, laptops, desktops with card readers, and in most digital cameras.

## Three "Fast Start" Solutions

We also realize that many users would like to add software to their palmtop, but don't want to invest the time and hassle of transferring and then installing programs from their desktop. We've come up with three "Fast Start" less-than-five-minutes-to-get-going, solutions. Simply purchase a 10 MB Compaq PC card with our pre-installed software and follow the brief, simple instructions. As an added incentive, purchase the PC Card for half price!

If it's not as simple as we say, just send the card back in 30 days, and we'll give you a complete refund! Take advantage of this offer. Use the Dictionary/Thesaurus, Multilingual Dictionary, and Super Software Carousel hassle-free on your palmtop.

"You did an awesome job repairing my HP 200LX. And so fast! You guys are great."'

Non't trash it. Repair it!

Our expert Palmtop Techs will give your 200LX a new lease on life!

## Repairs only $\$ 125$ \#PTRS

Like Hewlett-Packard's repair service, Thaddeus Computing uses used parts to repair Palmtops. Unlike HP, Thaddeus has a flat rate of ' 125 .
HP charges '220. Save s 95 !
Due to a shortage of parts, we may have to fix hinge cracks by replacing the case top with one having a Dutch Railway logo on it.
Normally, we ship units back within five days of receiving them. So, whatever the problem, just send the Palmtop in with a description of the problem and payment and we'll take care of it.
Free 90-Day Warranty hP warranty voided by repair.
1 or 2 Year Warranty Extensions
Extend 90 Days to 1 Year '25 \#IYRW
Extend 90 Days to 2 Years ' 75 \#2 YRW

Jamie Snyder, Jon Miller and David Brooks. Our Tech Crew is second to none!

Shipping: u.S. '9.50 each. Non-U.S. 355.00 each.
Outside the U.S. Clearly label your shipping container "Used Equipment for Repair" IMPORTANT: Repair removes all data. Do a complete backup before shipping. Use a trackable shipping method and provide daytime contact info! Be sure to give us a description of the problem!

[^3]"I basically ruined my own screen by applying too much WD40 to the right hinge, which was also broken. I am in the UK and still got the palmtop back in 2 weeks. Then I think maybe some residual WD40 may have caused more pixels to go in the screen and Thaddeus honored the 90 day warranty, and I have it back again. Absolutely first class service. I've never dealt with a better company! I also got it upgraded to 32MB to make the repair worthwhile! Now I can't believe the difference in productivity as I have about 8-10 Software Carousel sessions going."
"Sent my HP 200LX in for repair and upgrade. BOY! YOU PEOPLE AT THADDEUS ARE THE GREATEST, Can't get better service anywhere!!"
-Bob Elition, It:
"I sent my DS 200LX to Thaddeus for a keyboard repair. They not only got it back to me within a week, they made it look like new! It looks and feels like a new keyboard, so I think they must have replaced' it. But that's not all: the hinge is tighter; and the clasp has been replaced. This is fantastic service. I couldn't ask for more. You guys are great. If anyone is wondering about Thaddeus' repair service, I would say, "Do not hesitate--send it in now!"'After Thaddeus repairs your machine, it will be like getting a new toy! Same for a double speed upgrade and Software Carousel."
-George Coleman

[^0]:    "Absolutely fabulous. Quick, everybody run out and' buy Software Carousel!"
    -Larry Nielsen

[^1]:    "The Palmtop really is more like a Swiss Army knife than anthing else. You can depend on it to help you out of a hairy situation."

    Richard Liu

[^2]:    "I love them. Nothing like being able to get a definition or confirm the spelling no matter where I am." - S. Todd, 70312.462@compuserve.com

[^3]:    "I recently sent in a beat up, hinge cracked, busted keyed, missing screen pixels HP 200LX to you for repair and upgrade from IMB to 8MB. I just want to thank you for the flawless service - the unit I got back has a perfect screen, crisp keys, $8 M B$ of memory, and a "new car" smell... OK, the new car smell is an exaggeration. Thanks for providing such outstanding service to the HPLX community."
    -Brian McIlvaine
