

If your time-share bill runs over \$2,300 a month you're being had!

Forget about mounting rental bills. You'll save hard cash with *your own* HP 2000A System.

You can have up to 16 terminals going simultaneously. Your users can program the computer in simple conversational BASIC... and unlike most computers it checks every entry step-by-step. No busy signals; no wait messages. And you can even forget about expensive repairs and computer down-time. The 2000A System keeps on working . . . while others are being worked on. *Time and money saved*, that's what you can count on with the extraordinary HP 2000A System.

Sound good so far? Here's one better. HP can have your 2000A Time-Share System installed and running in a matter of months — not years. So give your local HP computer specialist a call. He's got all the details. Or write Hewlett-Packard, Palo Alto, California 94304; Europe: 1217 Meyrin-Geneva, Switzerland.
