The *Ultimate* Palmtop CATALOG

Late Summer/ Early Fall 2000

HP 95LX 100LX 200LX 1000CX

"Great Products, Great Service!" *say Palmtop Customers, Worldwide*

"Thaddeus has got to have absolutely the best customer support in the business. I've always received prompt, courteous, friendly, and professional support from Thaddeus, but after today I'm really impressed."

—Don E. Weatherly

"I've used your company for purchases, repairs, upgrades, etc. You guys do a great job."

—Randy Anderson

"Thaddeus is VERY reputable... and for the price of a new 4MB unit you can get one of Thaddeus' reconditioned super-charged Units. I've got two, myself, and they are GREAT!! Or, have them repair your unit... they'll do that for a reasonable flat fee. Great stuff. I'm not affiliated with 'em, other than as a perfectly happy customer."

—Bill Childers

"Your help has been invaluable. You have the kind of service we like to provide to our customers."

—Mark Lull, Traverse PC

"I bought a new 32MB DS unit, to be shipped to Hong Kong. I then had a sudden business trip to the US. I sent a message asking if the item could be shipped to my hotel in the US, despite the short notice. Your staff was able to ship the item by express courier to my hotel well in time before my check-out. I am grateful that I had the new unit with me to occupy my time on the 16 hour flight from O'Hare to Hong Kong."

—Anand Rao

HP 200LX IN STOCK!

(pages 3, 8)

- 2 Great Keyboard Options *(page 12)*
- 56K Modem, Storage Cards + Connectivity Special *(pages 13-15)*

"Thank You, I can not believe it, is it repair or replacement? You repaired my 200 LX in a way that the Japanese customs officers thought it was new and wanted to charge me with import tax. I could not tell if it was really mine or a substitute. You fixed everything and all the things that I even did not know about. This 32 MB upgrade is wonderful and the Super Software Carousel is just a miracle. Everybody just go get it. If you can not afford it borrow money and just GET it. With Software Carousel you actually have 12 HPs in one, and once you use it YOU would never want to go back to your old HP. I am recommending it to all my friends and people in my circle of influence. I am honored to say that you have got a lifetime customer and supporter who swears by your name. Anybody can approach me at "asi@tande.com" for recommendation and testimonial. Please let all your readers and subscribers know how excited I am with your work. Thanks again and again."

—Ali Sadri

Make Your 200LX
and Doubl
Here's

> "Take heart! The speed upgrade is as nearly bullet proof as anything I have ever used. I have NEVER had a problem related to speed change."
> —Lynn M. Cavendish

> "I just received my upgraded 200LX back 8MB DS today, and it rocks! Now I've been running a 2MB 100LX. Hard to believe it's only *double* speed."
> —Steven Lawson

> "The new 200LX Double Speed 64MB model I bought from Thaddeus is really great. Every time I have had a question or just wanted to order something, everyone I have spoken with has been more than willing to help and in fact are quite courteous indeed. This is quite rare these days. Thanks very much.
>
> All of you people at Thaddeus are really great. I wish every software/hardware vendor I dealt with were more like you."
> —William E. Blankenship

1. UPGRADE YOUR 200LX OR

Upgrade* your HP 200LX or 1000CX Palmtop

FROM/TO ➡	5 or 6 MB**	8 MB	32 MB	64 MB
1, 2 or 4 MB	$119 #UP5	$159 #UP8	$395 #UP32	$675 #UP64
5 or 6 MB	N/A	124 #U86	360 #U326	640 #U646
8 MB	N/A	N/A	330 #U328	610 #U648
32 MB	N/A	N/A	N/A	455 #U643

Upgrade any HP 100/200LX/1000CX to DoubleSpeed only: $75.00 #UPCD
* All memory upgrades include DoubleSpeed free. If you don't require DoubleSpeed, please clearly state that with your order.
  You may also upgrade your 1 MB 200LX or 1000CX to 2 MB: $89.00 #U12D.
** 2 Meg units with serial numbers greater than or equal to SG6 will upgrade to 6 Meg.

WHY AN UPGRADED PALMTOP?

1. **Speed** – You'll find almost all palmtop operations from Lotus calculations to Phone book searches operate twice as fast. Also, key data and applications can be run from the much faster internal C drive than from a flash card.

2. **Frees PC card slot** – You can use the flash card slot for a modem, network card, parallel port card, or more data storage space. Or don't use the slot at all. Store all key software and data right on 200LX.

3. **Switching between programs faster** – Use Software Carousel or Super Software Carousel on the internal drive and switch quickly between DOS applications and built-in applications.

4. **Eliminate "Out of Memory" errors** – Use Software Carousel to set up several sessions of built-in applications. That way you can have, for example, HPCalc and memory hog 1-2-3 running in one session and Phone book in another.

5. **Convenience and ease-of-use** – It is much easier and more efficient to have frequently used software and data in one place, as if built-in to the palmtop. Backups are easy.

IMPORTANT! UPGRADE

Upgrading removes all data, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Please include daytime contact info in case we have questions. Non-U.S. customers: write "Used Equipment For Repair" on your shipping container.

96 MB Upgrades

Currently there are no 96 MB upgrades available. Check www.PalmtopPaper.com for latest information.

5, 8, 32 or 64MB!

e Its Speed!

HOW:

Order www.PalmtopPaper.com Online!

"Go for it. They are absolutely first rate. I have been using one of their Used/Like New Double speed 32 meg units for over a year."

—*Bob Newins*

2. BUY A WARRANTIED, GUARANTEED, UPGRADED 200LX

Refurbished HP 200LX's

Description	Price	Item#
2 MB (not upgraded)	$299	#DNU2
2 MB DoubleSpeed	$329	#DOU2
5 MB DoubleSpeed	$349	#DOU5
8 MB DoubleSpeed	$399	#DOU8
32 MB DoubleSpeed	$599	#DOU3
64 MB DoubleSpeed	$899	#DOU6

Manuals must be purchased separately. Page 12.

"I got my upgraded LX Monday (earlier than I expected) and the difference is AMAZING. Please thank all who had a hand in the transformation and thanks so much for the fixes above and beyond the memory upgrade. Needless to say you have my business for life."

—*Paul Yarnell*

FREE 90-DAY WARRANTY that's inexpensive to extend!

Refurbished 200LXs Available August!

We recently purchased a large quantity of HP 200LXs. We resell only the best, the rest are used for parts. HP engineering combined with Thaddeus Computing's quality control and refurbishing processes means a quality palmtop for you. Our warranty and money-back policy means you take no risk.

Each refurbished 200LX has an attractive white 3/4 x 1/4 inch Dutch Railway logo on the top casing in the lower right. You can easily erase the white with nail polish remover. These Euro-English units function exactly as US-English units, but the keyboard markings differ: additional blue symbols like the pound and umlaut appear, and black titles like APPT or PHONE under built-in application keys are missing. We like the Euro-English version better than the U.S. version since the additional keyboard markings reveal hidden functionality.

These units come with a 30-day no-questions-asked refund policy and a 90-day warranty. This warranty can be extended to one year for only $25, and to two years for only $75.

Upgrading speed and/or memory voids HP's warranty. Thaddeus Computing provides a free **90-Day** Warranty on all Refurbished and Upgraded Palmtops. You have the option of extending this Warranty at the time of purchase as follows:

90-Day Warranty extended to **One-Year** $25.00 #1YRW

90-Day Warranty extended to **Two-Years** $75.00 #2YRW

30-Day, No-Questions-Asked Money-Back Guarantee

"Wow, is that thing fast! And all that memory! I highly recommend the Thaddeus Palmtops for anyone thinking of upgrading."

—*Robert J. Vondra*

SHIPPING

In the U.S.: All Palmtops: $9.50 each. **Upgrade in a hurry?** One day U.S. turnaround service is available for Upgrades: $55 (#H1DT).
Outside U.S.: All Palmtops: $35 each. We cannot guarantee delivery time outside U.S. (normally one to two weeks).

12 Palmtops in 1!

...with Windows-like flexibility!

SOFTWARE CAROUSEL

Order www.PalmtopPaper.com Online!

Software Carousel is a must for your palmtop if you run DOS programs or if you have ever run out of memory because of large 1-2-3 or database file! Use Software Carousel to create up to 12 palmtop sessions. Have one devoted to a large 1-2-3 file, others to your favorite DOS programs, and another to built-in applications (where you can open a second 1-2-3 file). Switch between session by pressing the application key or hitting the Ctrl key and the number of the session.

Easy to get started

HP Palmtop Paper editor, Ed Keefe, completely rewrote the user manual. His "Getting Started Tutorial" is all you need to be fully functional in less than an hour. Even better, choose Super Software Carousel and in five minutes you'll be using any of its 40 plus applications, and adding new applications. See next page.

Great with 8/32/64MB DoubleSpeeds or Flash Card!

Talk about a Next Generation 200LX!

Combine Software Carousel (and especially **SUPER Software Carousel!**) with the speed and memory of an Upgraded Palmtop, and you're talking about unleashing the full potential of your Palmtop!

Works with Flash card memory too! (Not quite as fast.)

So if you already have an Upgraded Palmtop, or you're thinking about it, Software Carousel is the ideal way to make the most of it!

And, of course, we offer a 30-Day Money-Back Guarantee so you can find out for yourself!

"Absolutely fabulous. Quick, everybody run out and buy Software Carousel!"
—*Larry Nielsen*

"Everybody with enough RAM or a (fast) flash card should consider getting this 'cannot live without it' piece of software. Its value in terms of $ is just the price of a palmtop multiplied with the number of SC sessions you want to run. I have 10 sessions running, hence my value of SC is $2000, assuming I had to buy 10 used palmtops for $200 each. It's really that simple: SC just offers you up to 12 virtual palmtops in one physical.

SC is the most important piece of software running on my LX!"
—*Stefan Peichl*

"I've got to tell you, this thing is incredible! I'm sorry I hadn't bought it years ago. It should be standard issue for every palmtop you sell! Installation was a snap I look forward to dealing with Thaddeus for years to come."
—*Larry Feldman*

How To Buy

Simple. If you only want Software Carousel (as opposed to SUPER Software Carousel), we'll send it on a 3.5 Disk with an easy-to-use User's Guide that will walk you through the installation and configuration process. You'll need at least 1MB of flash or C driver space on 100LX, 200LX or 1000CX.

Software Carousel NEW $79.95 #SCN

SOS

SUPER Software Carousel

Like fast task-switching? Like the Built-In Apps?

How About 40 More!

Easy To Learn, Easy To Use!

Pre-configured with the very best freeware and shareware Games, Utilities and Applications available for your Palmtop!

Just like Built-In Apps!

Software Carousel Session 1 - Normal Palmtop built-in apps

Zoom blows up any phone book, appointment book, or database item. Above is a before and after view.

Super Software Carousel on Flash — We'll Install It!

Insert PC Card containing Super Software Carousel in Palmtop. Reboot. You have forty new applications and games ready to go. Order a 10 MB or greater flash card with Super Software Carousel preinstalled.

Special: Super Software Carousel on 10MB Card: $169.95 #SSCC

What makes Super Software Carousel SUPER?

It begins with Software Carousel.

But we've done all the work and provided the BEST available freeware and shareware in one pre-configured package! All easy-to-use programs that will tremendously expand your palmtopping power.

Suddenly your palmtop is loaded with all the best freely available software!

Suddenly you have so many new Games, Programs and Utilities that it will take you months just to explore it all!

Suddenly you can do all the things you always wished you could, from spellchecking to hypertext viewing to playing chess. And far more!

And it's just the beginning! You can add all the programs to Software Carousel that your palmtop's memory will bear. (You can delete programs too, if you like.)

It's a quantum leap in HP Palmtop computing.

And it adds whole new dimensions to having a PC in your Pocket!

Installation: Fast and Painless!

Super Software Carousel comes on CD. If you are upgrading or buying a new or used palmtop, we can install SSC before we ship.

Or, you can easily install Super Software Carousel yourself. Simply transfer mirror subdirectory from the CD to your palmtop, make a few minor file edits, and you're ready to go!

If you'd like, you may send your palmtop in to Thaddeus to have SSC installed free (normal shipping applies.)

Everyone who orders Super Software Carousel will receive the CD and complete documentation.

System Requirements

Includes the complete version of Software Carousel, plus all additional software. Runs on HP 100LX, 200LX, or 1000CX on flash disk or in system RAM (C drive). Full package requires 5 meg: approximately 2 meg for 20 plus applications, 2 meg for 30 plus

How to Order

Super Software Carousel comes on a CD with complete, easy-to-follow installation instructions and a concise electronic User's Guide. If you have Thaddeus Computing install it while your Palmtop is with us (free installation) you'll still receive the CD. (You can even send your Palmtop just for the free Super Software Carousel installation*.) Or pack your flash card safely* and send it to us with about 5 MB of free space.

*Use padded envelope. Write "Please hand stamp." Insure it.

Super Software Carousel (New) $139.95   # SSCN

200LX's IN STOCK

Great gift for you or someone else. Tell a friend.

200LX — PC in your pocket. It's there when you need it.

IT'S POWERFUL: The HP 200LX runs MS DOS software and comes with over 16 built-in apps. These include:

Memo Editor	Appointment Book
Phone Book	Pocket Quicken
HP Financial Calculator	Database
Notetaker	MS DOS 5.0
ToDo Manager	2 Games
Lotus 1-2-3	World Time
Data Communications	Macro Manager
Filer	Laplink Remote

IT'S AFFORDABLE: See pricing. Our refurbished palmtops are tested, cleaned, warranteed and upgraded.

IT'S MOBILE: The HP Palmtop fits in your pocket. With instant on, it can be used anytime, anywhere, and run for weeks on standard AA batteries.

IT'S EASY-TO-USE: One-button-access to built-in programs (no installation); simple keystrokes for date, time, cut, copy, paste; multiple applications can remain open simultaneously; exceptionally stable operating environment.

TOP-QUALITY: Hewlett-Packard quality backed by Thaddeus Computing warranty.

25 of the many 1000's of ways you might use your palmtop:

Look up a phone number anywhere • Monitor your todo list • Budget • Email • Create a shopping list • Access product information while "managing by walking around" • Search the Web • Solve a complicated financial or scientific numerical problem • Play chess • Finish a report in a cab • Track travel expenses • Retrieve customer's contact history in a meeting • Unobtrusively, take notes during class or meeting • Jot down idea while on a walk • Remind you of your spouse's birthday • Convert currencies • Translate a phrase • Keep lists of CDs, credit cards, serial numbers, videos to rent • Use a dictionary • Transfer files from desktop • Attach to your network • Read a book • Play solitaire • Keep score • Read a Web document

"I can compute anywhere, anytime making it more usable than a pricey laptop."

—Edward A. Caine

"It's there when I need it. I'm able to accomplish real work while sitting in the yard, down by the lake, or on trips."

—Fred Kaufman

"The Palmtop really is more like a Swiss Army knife than anything else. You can depend on it to help you out of a hairy situation."

—Richard Liu

Make that Palmtop an Upgraded 200LX!

We recently purchased a large quantity of HP 200LX's. We resell only the best, the rest are used for parts. HP engineering combined with Thaddeus Computing's quality control and refurbishing processes means a quality palmtop for you. Our warranty and money-back policy means you take no risk.

Each refurbished 200LX has an attractive white 3/4 x 1/4 inch Dutch Railway logo on the top casing in the lower right. You can easily erase the white with nail polish remover. These Euro-English units function exactly as US-English units, but the keyboard markings differ: additional blue symbols like the pound and umlaut appear, and black titles like APPT or PHONE under built-in application keys are missing. We like the Euro-English version better than the U.S. version since the additional keyboard markings reveal hidden functionality.

Dutch Railway logo

These units come with a 30-day no-questions-asked refund policy and a 90-day warranty. This warranty can be extended to one year for only $25, and to two years for only $75.

Personal Food Analyst

Your Palmtop can help you lose weight, eat healthier, and increase your energy level!

1. Monitors and analyzes your food intake for calories, cholesterol, fats, proteins, carbohydrates, salts – for a total of 27 nutrients

2. Shows you how much you should be eating based on your weight goals, gender, and physical activity level

3. Built-in database of over 4000 foods used by USDA, hospitals, and universities

PFA is easy to use professional nutritional software designed for the Palmtop

Personal Food Analyst comes on a ROM card. It was designed for use on the HP 95LX and originally retailed for $149 and later $89. The easy-to-use program works well on the 100LX and 200LX. The program can be run from the ROM card. Alternatively, the program can be copied to and run from the C drive or another flash card.

From The HP Palmtop Paper...

"It's incredible what I thought was low fat until I entered it into PFA! ... It's also great for frequent travelers since it has many common restaurant items in its food database. I find it well worth the $89."

Personal Food Analyst $19.95 #PFA

TimeTracker/LX

Really want to manage your time better? Then put TimeTracker/LX on your Palmtop.

The first step in making better use of your time, is to track how you use it. With TimeTracker/LX you can make tracking your time easy and fun. Easy to learn and use; designed for the HP Palmtop; bill customers by time; track starting and ending times, duration, activity type, client, and projects; many ways to view and report the collected information; requires minimal keying; export to Lotus 1-2-3 or to word processors (in RTF). Program authored by Andreas Garzotto, author of WWW/LX, HV, ABC/LX and PE.

TimeTracker/LX $39.95 #TTLX

Electronic Dictionary, Thesaurus,

Electronic Dictionary & Thesaurus **BACK IN STOCK!**

190,000 Definitions & 270,000 Word Thesaurus

It's great having the official Collins English Dictionary (third edition updated) and Collins Thesaurus at your fingertips. The minimal typing feature scrolls through the wordlist as you type each letter. Because it's electronic you can find words in ways not possible with books. Besides being incredibly useful, an electronic dictionary is a fun way to learn about word origins and increase your vocabulary.

DICTIONARY

190,000 definitions. 16,000 encyclopedic entries. You'll find pronunciation, etymology, hyphenation points, antonyms, examples of words in use, in-depth information on how to use words appropriately. Dictionary entries include cities in Japan, rivers in Germany, business words, government terms, names, places, dates.

THESAURUS

270,000 synonym Thesaurus grouped by parts of speech, or meaning, and directly linked to dictionary. You can look up words which appear within the dictionary or thesaurus definition. In this example, we look up "rococo" by moving the cursor and pressing F2 for dictionary definition or F3 for the thesaurus entry.

SEARCH

DEFINITIONS let us search the dictionary for all occurences of a word in the dictionary, in this case "mathematics". Although a bit slow on the Palmtop, you can also do boolean searches such as (french AND composer). **WILDCARD** lets you search for the word. For example: l??a (you remember the "l" and "a" is four letter word for Italian currency), *ntr* (all words containing *ntr*). Scrabble players and word puzzlers will appreciate the **ANAGRAM** feature. In addition, a history of words looked up in a session is easily accessible for backtracking.

"I'm a translator. I strongly recommend these Harper Collins products to anyone in the market for good Palmtop dictionaries."

—Tony D. Guzewicz, 74722,421@compuserve.com

"I love them. Nothing like being able to get a definition or confirm the spelling no matter where I am." —S. Todd, 70312.462@compuserve.com

---

For Your Palmtop!

Translation always accessible!

Multilingual Dictionary

Quick & accurate translations anytime!

German • French • Spanish • Italian

English to and from Spanish, French, German or Italian: Install any or all of the eight dictionaries onto your Palmtop. One dictionary takes about 800K; all eight take less than 6 megabytes. Each dictionary pair contains over 75,000 references and 110,000 translations.

QUICK/ACCURATE TRANSLATIONS!

Near matching: Looks up the closest spelling of the word
Meanings: Signposted for accurate translation
Minimal typing: Scrolls through the wordlist as you type each letter
Wildcard search: * and ? finds words when you don't know the spelling
Easy switching: Between all dictionaries
History: Displays recent lookups

Word List feature means little typing. Type a few letters and select. Meaning chart and phrases let you choose correct word. Switch between dictionaries at any time.

"I used a couple of translation products on my 200LX. S100 I still like best. You can install it on the desktop as a Windows product and you can install it as a DOS version. It is easy to use. I run one Software Carousel session with S100, so it is always available. You should try it, it is worthwhile."

—Helmuth Guenther
100143.2451@compuserve.com

"I have been using them on my HP for about two years. It is absolutely great to have them handy everywhere, and I have found nothing remotely as good."

—Jeffrey F. Friedman
70544.3152@compuserve.com

"Absolutely awesome. I use the Spanish to English and English to Spanish constantly. Highest recommendation."

—Patrick Campbell

How to Order
Both the dictionary/thesaurus and the translation dictionaries can be easily installed and run as stand-alone DOS programs on a flash card or on the internal drive of a 32 or 64 meg Palmtop. When used with Software Carousel or Super Software Carousel, these word tools are only a keystroke away.

Choose 1 or Both Keyboard Options!

A Great Keyboard For The 200LX!

HP sells an external serial keyboard for its Windows CE HP 430SE Jornada Palm-size PC. That keyboard turns out to be an excellent, portable, touch-typeable input device for the HP 200LX.

The keyboard has a great feel — it's easy to type on. What's more with our proprietary software, its keyboard maps almost perfectly to the 200LX keyboard. A full set of function keys run across the top. There is a FN key plus an ALT key that doubles as the MENU key. You start built-in apps by holding down the Start Windows Key and pressing A for appointment, P for phone, etc.

For ease of use we've replaced the 430SE cable with the 10-pin HP connectivity cable. Now the keyboard plugs right into your 200LX.

Plugs directly into 200LX.

SOS

Keyboard with HP 200LX cable and software   #KEYB $139.00

Use any desktop computer keyboard to enter data into your 200LX with the KeyMate adapter

AS EASY AS 1-2-3

1. Install our proprietary software driver onto your 200LX.
2. Connect the KeyMate adapter to **any standard (PS/2) desktop Windows keyboard**.
3. Connect the KeyMate adapter to the HP 200LX with either of the included serial or infrared cables.

Start typing.

Serial cable — *Keymate* — *(IR) cable* — *Ps/2 cable connects to desktop keyboard*

SOS
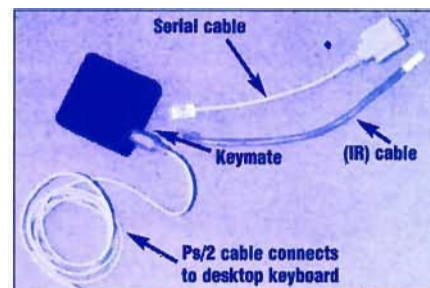

KeyMate and 200LX software   #KEYM $69.95
(runs on 9-volt battery or AC adapter)

Fast File Transfer Between Palmtop and Desktop

NEW!

Use the IR-HP5 to transfer files between a Windows 95/98/NT desktop PC and the HP 200LX running Transfile Win 200 or other HP Palmtop file transfer including the HP Connectivity Pack. Download Transfile Win 200 for free at: www.Palmtop.net/transfile.html.

Aegis IR-HP5 lets you transfer files between your desktop PC and HP 100LX or HP 200LX at 57600 BAUD without plugging and unplugging cables. Just point and connect. No more wrestling with the wire tangle behind your PC.

The IR-HP5 includes a 6-foot "extension cord" serial cable and a detachable IR head. Leave the serial cable plugged into your desktop serial port. Plug any serial device directly into the cable rather than struggling at the back of your PC. When you want to do IR file transfer, just plug the detachable IR head into the serial cable.

Aegis IR-HP5 for Desktop to 200LX IR Transfer $39.95 #IRFT **SOS** *See Page 5*

Upgrade your HP 100LX with Pocket Quicken

The main difference between the HP 100LX and 200LX is Pocket Quicken. We just discovered some no-longer-sold brand new copies of Pocket Quicken for the 100LX. It is unlikely we will get more, so if you are interested, please place your order right away.

Pocket Quicken (New) $59.95 #PQ10 **SOS** *See Page 5*

Charge Where You Are

As a rule of thumb, it's a good idea to have a few adapters. One in the office, one or two at home, one for the road etc. Gives batteries a rest and recharges them at the same time (if they're rechargeable!).

The Best Batteries We've Seen!

Thaddeus Computing
Rechargeables
4-Pack NiMH Batteries

1500 MaH Nickel Metal Hydride Rechargeable Batteries (4-pack):
The best we've seen!

RECOMMENDED FOR HP 100/200LX Far and away the best we've ever used. You'll be pleasantly surprised at how long they keep your 100 or 200LX going. And because they recharge right inside your Palmtop (with HP adapter), you don't need to remove and replace them for charging.

4-Pack NiMH Rechargeable Batteries $24.00 #RBAT **SOS** *See Page 5*

ABC/LX Battery Monitoring Software

ACCURATE Low Battery Warnings and More!
Hassle-free software that accurately monitors your rechargeables (*any* rechargeables), and optimizes the fast-charge/trickle-charge functions to maximize battery life and performance.

PLEASE NOTE: We cannot install ABC/LX for you. **SOS** *See Page 5*

ABC/LX Battery Monitoring Software (New) $34.95 #ABCL

Next best thing to backlighting!
Pocket Reading Light

We haven't come up with a reliable method for backlighting the Palmtop's screen. So, instead we've found an excellent clip-on light that works as if designed for the Palmtop.

- Pocket-sized, light weight 2.4 oz (68 grams)
- Flexible arm points the light to any position
- Clip fits perfectly onto Palmtop screen case
- Oversized switch easy to find
- Uses 2 AAA batteries (included)
- Lights both screen and keyboard

Pocket Reading Light $24.95 #FPRL **SOS** *See Page 5*

See also Trans Digital Card, P. 14

Greenwich Instruments Serial/Parallel Printer Cable
Print from your Palmtop! **SOS** *See Page 5*

If you need fast printing and back up, we recommend the Trans Digital PC Card. However, you may just need to print occasionally, your PC card slot may be already occupied, or you want a more economical solution. In that case we recommend the Greenwich Instruments Serial-to-Parallel Printer Cable. Simply plug the 10-pin serial end into the Palmtop. Plug the other end into the printer. Follow the 30-second instructions to make sure Palmtop is correctly configured. Then print from MEMO, 1-2-3, Phone, other built-ins, or your favorite DOS program.

Greenwich Instruments Printer Cable (New) $69.95 #GSPC

I/O Cards

FINALLY! New Low-Powered
56K Fax/Modem For HP 200LX!

"3-4 times quicker than my 14.4!"

This is the FASTEST PC Card modem we've found to work in the HP 200LX. It also consumes the least power of any modem we've tested.

We can't guarantee the actual speed on the 200LX because the 200LX and software is an older technology. However, independent testers have verified a speed of 45Kbps using D&A Software's WWW/LX and Rod Whitby's freeware LXTCP.
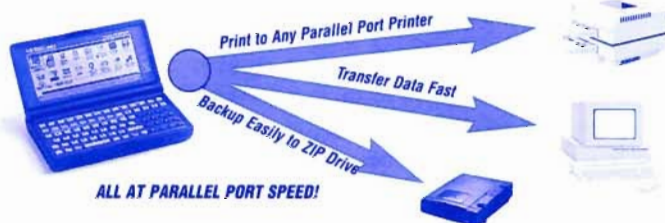

56Kbps Fax/Modem Card $99.95 **#56FM** SOS

"I am connecting consistently at 45Kbps and higher. I'm sure that there will be some discussion about whether it's really that fast, but it definitely seems to be 3-4 times quicker than my 14.4 X-Jack. I am just amazed that the modem requires so little power and can run off the batteries of the LX for repeated online runs of grabbing e-mail. It's money well spent. The bonus is that you also get a cool modem for use with your laptop."

—Deputy Jeff Johns, Jefferson County Sheriff's Department

Trans Digital
Parallel Port PC Card

Print to Any Parallel Port Printer

Transfer Data Fast

Backup Easily to ZIP Drive

ALL AT PARALLEL PORT SPEED!

Especially useful for Upgraded-Memory Palmtops!

IF YOU HAVE any HP Palmtop with 4 or more megs of memory, then you either know how long it takes to back up... or you're not backing up. (Not backing up is not a solution.)

And there are many times when you might have the need to upload, download, backup, print or transfer large amounts of data. Having a parallel port on your Palmtop makes it fast and easy.

Filer-like and XCOPY-like software is already in the Trans Digital PC Card's low-power flash ROM for fast backup and file transfer. Setup is easy, and transfer is extremely fast and straightforward. Now your Palmtop can have the full speed connectivity of a desktop!

Trans Digital Parallel Port PC Card $179.00 **#TDC** SOS

"I got the Trans Digital card working with my Zip drive in about 5 minutes. Very cool. I feel much safer now that my 32MB internal disk is safely backed up to a Zip disk."

—Mitch Hamm

"The Trans Digital PC Card is by far the best piece of hardware I have for my double speed 32MB upgraded HP200LX."

—Peter Massicott

ling Your PC Card Slot
Storage Cards

SanDisk Storage Cards! Up to 440 MB

Our research reveals that SanDisk cards yield longer Palmtop battery life, strong performance, and minimum startup delays. SanDisk invented the ATA flash card, and Hewlett-Packard uses SanDisk as the manufacturer for its line of PC Cards.

CompactFlash Cards with PC Card Adapters

For lower capacity, CompactFlash cards with PC Card adapters offer more flexibility and better performance than standard PC Cards. They work in HP Palmtops, Windows CE handhelds, laptops, desktops with card readers, and in most digital cameras.

SanDisk CompactFlash Cards w/PC Card Adapter

Inexpensive Storage Solutions

You may have modest HP Palmtop storage or budget requirements. For many users 10 MB is plenty of space to store data or programs and to make frequent backups of your internal palmtop drive. We may have the perfect solution. Purchase one of our brand new 10MB Compaq-labeled, 1998-manufactured, SanDisk PC Type II storage cards.

10 MB Type II Flash Card $59.95 #PC10

Three "Fast Start" Solutions

We also realize that many users would like to add software to their palmtop, but don't want to invest the time and hassle of transferring and then installing programs from their desktop. We've come up with three "Fast Start" less-than-five-minutes-to-get-going solutions. Simply purchase a 10 MB Compaq PC card with our pre-installed software and follow the brief, simple instructions. As an added incentive, purchase the PC Card for half price!

If it's not as simple as we say, just send the card back in 30 days, and we'll give you a complete refund! Take advantage of this offer. Use the Dictionary/Thesaurus, Multilingual Dictionary, and Super Software Carousel hassle-free on your palmtop.

Dictionary/Thesaurus on 10 MB Card $89.95 #DTPC
Multilingual Dictionary on 10 MB Card $89.95 #MDCD
Super Software Carousel on 10 MB Card $169.95 #SSCC
