

# The Emancipator Becomes a Show-off!

The HP 9100A Calculator gave you

**Freedom from waiting** to get on the BIG computer;

**Freedom from translating** your problems into foreign computer languages;

**Freedom from starvation-level computing** with under-developed calculators;

**Freedom from the drudgery of manual computation**—  
All for the one-time price of \$4900.

**NOW—EVEN GREATER COMPUTING FREEDOM IS YOURS.  
GRAPHIC DISPLAY**

Add the new HP 9125A X-Y Recorder. Make your HP 9100A desk-top computing calculator a show-off. You will be liberated from the tediousness of hand-plotting, from the

omnipresent human errors and from inundating reams of data that go with point-to-point hand plotting.

Think back! Would a picture be worth a thousand figures, to you?...to your company? Be an innovator... be a producer... a picture producer.

The 9125A recorder automatically draws the answers as the calculator solves your problems—such as curve-fitting (photo shows parabolic regression), differential equations, roots of polynomials and calibration curves. It shows you the results of your calculations faster, easier, and more accurately than you can get with hand plots! It ends the gnawing frustration of interpreting the limbo between data points. And...it gives you a calibrated plot so you can ready your units directly!

What's more, once the 9125A has given you a permanent graphic presentation, you can modify the input data, plot again, and immediately see the changes you have made. Nuances in areas of critical importance can be readily identified because of the pin-point resolution of the calculator/recorder combination — a resolution made possible by the four-digit calculator output that locates coordinate points with hair-splitting accuracy.

Completely documented programs for use with the HP 9100A Calculator and the HP 9125A X-Y Recorder are supplied with your instrument.

Show off with the 9125A for only \$2475. Add \$4900 if you don't already have the 9100A. Both are ready for immediate delivery.

Start your new liberation today. Call for a demonstration or send your purchase order to any Hewlett-Packard Sales and Service office (located in principal cities throughout the world). For a 22-page brochure, write Hewlett-Packard, P.O. Box 301, Loveland, Colorado 80537. Europe: 1217 Meyrin-Geneva, Switzerland.
