Branching and looping flexibility provided by "IF" keys expands programming capability.

Trig functions covering all quadrants and any size angle in degrees or radians.

Complex and vector arithmetic simplified with coordinate transformation keys, rectangular-to-polar and vice-versa, in milliseconds.

Dynamic range 10^{-98} to 10^{99}, nearly 200 decades. Observation of math operations on 3 displayed registers. Up to 16 more registers for data storage.

Now the emancipator . . . computes, plots and

Prints Quietly

The HP 9100A/B Calculator frees you from the drudgery of complex problem solving.

The HP 9125A Plotter frees you from the tedium of hand-plotting graphs.

And now, the quiet HP 9120A Printer frees you from the manual transfer of data.

Add up these three capabilities, and what do you have?

THE ONLY TOTAL GRAPHIC COMPUTING SYSTEM AVAILABLE TODAY FOR $204 PER MONTH!

With this new electro-sensitive printer you speed up your computations by eliminating the need to record results. You get a permanent record of all inputs — a record that makes error tracing quicker and easier. And, you have printed proof of all your computations.

The 9120A printer gives you maximum flexibility in what you print. You can print all of the displayed information; a complete listing of the program instructions stored in memory; or only the information you specify. The 9120A does this printing at the rate of 3 lines per second — without the distracting noise of a mechanical printer.

You get completely documented calculator programs that are specifically designed for use with the plotter and printer. And, you can put this system to work for you today, not sometime in the distant future.

If you want a printer that operates quietly in an office environment — if you want a low-cost system that gives you total graphic solutions — call for a quiet demonstration of the complete emancipator today.

To put this total system to work for you even faster, send your purchase order to any Hewlett-Packard Sales and Service office (located in principal cities throughout the world). For a 22-page brochure, write Hewlett-Packard, P. O. Box 301, Loveland, Colorado 80537. Europe: 1217 Meyrin-Geneva, Switzerland.

Price: HP 9100A Calculator, $4,400; HP 9100 B Calculator, $4,900; HP 9120A Printer, $975; HP 9125A Plotter, $2,475. Lease/rental plans start as low as $1.50/computing hour based on average usage.
